About New York:

Why New York.

New York is a state in the Northeastern United States and is the 27th-most extensive, fourth-most populous and seventh-most densely populated U.S. state. New York is bordered by New Jersey and Pennsylvania to the south and Connecticut, Massachusetts, and Vermont to the east. The state has a maritime border in the Atlantic Ocean with Rhode Island, east of Long Island, as well as an international border with the Canadian provinces of Quebec to the north and Ontario to the west and north. The state of New York, with an estimated 19.8 million residents in 2015, is often referred to as New York State to distinguish it from New York City, the state’s most populous city and its economic hub.

Tourism is a vital industry for New York City, which has witnessed a growing combined volume of international and domestic tourists, receiving a sixth consecutive record of nearly 60 million visitors in 2015. Tourism had generated an all-time high US $61.3 billion in overall economic impact for New York City in 2014, pending 2015 statistics. Approximately 12 million visitors to New York City were from outside the United States, with the highest numbers from the United Kingdom, Canada, Brazil, and China. According to the website reuters.com, “New York City tourism climbed record high in 2015 for sixth year.

Over 600,000 students are enrolled in New York City’s over 120 higher education institutions, the highest number of any city in the United States, including over half million in the City University of New York (CUNY) system alone in 2014. In 2005, three out of five Manhattan residents were college graduates, and one out of four had a postgraduate degree, forming one of the highest concentrations of highly educated people in any American city. New York City is home to such notable private universities as Barnard College, Columbia University, Cooper Union, Fordham University, New York University, New York Institute of Technology, Pace University, and Yeshiva University. The public CUNY system is one of the largest universities in the nation, comprising 24 institutions across all five boroughs, senior colleges, community colleges, and other graduate/professional schools. The public State University of New York (SUNY) system serves New York City, as well as the rest of the state.

</tr>
<tr>
<td>15:00-15:30</td>
<td>Title: Evaluation of sexual development in patients with chronic bronchitis</td>
</tr>
</tbody>
</table>

### Sessions:
- Clinical Pediatrics
- Pediatrics
- Neonatology
- Birth Defects
- Pediatric Oncology

## Group Photo

- Thivel David, Clermont Auvergne University, France
- Paola Matiko Martins Okuda, Federal University of Sao Paulo, Brazil
- Chrysa Papachristou, Pediatric Department Hospital of Trikala, Greece
15:30-16:00  
Title: A child-find pilot project. Empowering vulnerable disabled children from townships with nutrition and special early child education: psychological and health well-being of families and children in misisi and kuku township in lusaka district-zambia  
Nyoni Joackim, Ministry of General Education, Lusaka

Coffee Break 16:00-16:20

16:20-16:50  
Title: Calretinin Expression in Hirschsprung Disease – A Potential Marker of Ganglion Cells  
Mishal Sikandar, University of Health Sciences, Pakistan

16:50-17:20  
Title: Congenital Heart Disease Screening in the Newborn  
Amar Taksande, Jawaharlal Nehru Medical College, India

Panel Discussion

Day 2 (October 17, 2017)

09:30-11:00  
Keynote Forum  
Will update soon...

Coffee Break 11:00-11:20

Sessions: Food Allergies in Pediatrics | Sports Nutrition | Pediatrics Eating Disorders | Nutrition and Immunity | Diagnosis Techniques | Pediatric Nursing & Care | Child Care Programs

Session Introduction

11:20-12:00  
Title: Seasonal and Geographic Variation of Pediatric Malaria in Burundi: 2011 to 2012  
Nkengurutse Delphin, Aix-Marseille UNIVERSITY, France

12:00-12:30  
Title: Evaluation of importance clinical and functional parameters of cardiomyopathy in children  
N. R Akhmedova, Tashkent Pediatric Medical Institute, Uzbekistan

12:30-13:00  
Title: About the etiology of schizophrenia  
Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba

Lunch Break 13:00-14:00

14:00-14:30  
Title: Establishment of the mouse model for neural tube defects induced by maternal nutrient inositol deficiency  
Jianhua Wang, Capital Institute of Pediatrics, Beijing, China

14:30-15:00  
Title: Inadequate energy and protein supply in children after cardiopulmonary bypass  
Jia Li, Capital Institute of Pediatrics, Beijing, China

15:00-15:30  
Title: Effect of the dTMP metabolism on the neural tube development in mice  
Xiuwei Wang, Capital Institute of Pediatrics, Beijing, China
Title: Patterns, Problems, and Influences in Feeding of Formula-Fed Infants in Makati City, Philippines

Ma. Criselda P. Sarmiento, Makati Medical Center, Philippines

Coffee Break 16:00-16:20

Title: Adverse events in paediatric patients taken to magnetic resonance imaging under sedation or anaesthesia

Carlos Eriel Largo Pineda, Universidad Militar Nueva, Granada

Title: Early versus late nutritional support and bronchopulmonary dysplasia in very low birth weight infants

Sunghee Lee, University of Ulsan College of Medicine, South Korea

Panel Discussion

Day 3 (October 18, 2017)

Sessions: Child Developmental Disorders | Pediatric Gastroenterology | Pediatric Hepatology | Neonatal Mental Health | Neonatal Cardiac Diseases | Pediatric Infection Diseases

Session Introduction

Title: Relation bronchial asthma and parasitic (nematodes) infection in Egyptian children

Mohammed Yossef, Alexandria Police Hospital, Egypt

Title: Malting cereals and grains to increase the energy density of weaning foods

Musinguzi Muhsin, Makerere University, Uganda

Title: Feeding fundamentals - From ½ hour to ½ year and beyond

Pramod Jog, D.Y.Patil Medical College, India

Coffee Break 11:00-11:20

Title: Echocardiogram Done Early in Neonatal Sepsis: What Does It Add?

Rania Hosny Tomerak, Cairo University Children’s Hospital, Egypt

Title: Study of infant’s deaths and pre lacteal feeding practices using verbal autopsy as a tool in Dehradun India

Sushil Dalal, World College of Medical Sciences & Research Hospital, India

Networking & Lunch Break

Award Ceremony
