CONFERENCE HALL: FREDERICK

09:00-09:15	Opening	. Ceremony
07.00-07.10	Opcilling	Colonion

	Keynote Forum
09:15-09:30	Introduction
	Title: Pediatric ceftriaxone dose rounding protocol
	Sarah S Nierman, Community Health Network, USA
10:10-10:50	Title: Autologous infant and allogeneic adult redcells demonstrate similar concurrent
	post-transfusion survival in very low birth weight neonates
	John (Jack) A Widness, University of Iowa Children's Hospital, USA
	Panel Discussion
	Group Photo & Networking & Refreshment Break 10:50-11:05 @ Dorothy
11:05-11:45	Title: Pediatric clinical pharmacology: Looking back and to the future
	George Giacoia, National Institute of Child Health and Human Development/Food and
	Drug Administration, USA
11:45-12:25	Title: Atopic dermatitis: Management in early childhood
	Regina Folster-Holst, Past President of European Society for Pediatric Dermatology, Germany
12:25-13:05	Title: Glenn-Anderson ureteral advancement Ureteroneocystostomy compared to Cohen
	cross-trigonal ureteral reimplantation in children at two separate institutes
	Majed Sarayreh, Queen Rania Al-Abdallah Hospital for Children, Jordan
	Panel Discussion
Sessions:	Lunch Break 13:05-14:00 @ Dorothy
rediamic Neul	rology: Disorders and Treatments Pediatrics and Adolescent Medicine Dosing and
Prescribing Es	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug
Prescribing Es Session Chair: Administration,	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA
Prescribing Es Session Chair: Administration,	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction
Prescribing Es Session Chair: Administration,	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies
Prescribing Es Session Chair: Administration,	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football
Prescribing Es Session Chair: Administration, Session Chair:	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF)
Prescribing Es Session Chair: Administration, Session Chair:	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football
Prescribing Es Session Chair: Administration, Session Chair:	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00	Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30	sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic BlisK12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic BlisK12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study John Malcolm, Bay of Plenty District Health Board, New Zealand
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30	George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Haiji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic Blisk12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study John Malcolm, Bay of Plenty District Health Board, New Zealand Title: Paraviral exanthems in childhood
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30	George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic Blisk 12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study John Malcolm, Bay of Plenty District Health Board, New Zealand Title: Paraviral exanthems in childhood Regina Folster-Holst, Past President of European Society for Pediatric Dermatology, Germany
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajjii, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic BlisK12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study John Malcolm, Bay of Plenty District Health Board, New Zealand Title: Paraviral exanthems in childhood Regina Folster-Holst, Past President of European Society for Pediatric Dermatology, Germany Title: Intranasal Oxytocin as behavioural pharmacotherapy in autism spectrum disorder
Prescribing Es Session Chair: Administration, Session Chair: 14:00-14:30 14:30-15:00 15:00-15:30 15:50-16:20 16:20-16:50	Sentials for Pediatrics Pediatric Hematology General Pediatrics George Giacoia, National Institute of Child Health and Human Development/Food and Drug USA John Widness, University of Iowa Children's Hospital, USA Session Introduction Title: The effect of experience, coaching and technical post, on the coping strategies solicited by the U15 elites affiliated to the regional centers of the Tunisian Football Federation (TFF) Jamel Hajji, Gafsa University, Tunisia Title: Potential neuroprotective effect of N-Nitro-L-Arginine-Methylester in cerebral injury induced by transient ischemia/reperfusion in rats Hiba A Awooda, Dar Al-Uloom University, Saudi Arabia Title: The therapeutic effect of Zinc sulfate in term Neonatal hyperbilirubinemia Ashraf Mohammadzadeh, Mashhad University of Medical Sciences, Iran Panel Discussion Group Photo and Networking & Refreshment Break 15:30-15:50 @ Dorothy Title: Gray zone of infant viability from central Saudi Arabia Mohammed Alrowaily, King Abdulaziz Medical City, Saudi Arabia Title: Probiotic Blisk12 lowers group A Streptococcal GAS pharyngeal prevalence in a high Acute Rheumatic Fever (ARF) area by lowering school transmission; a stepped wedge cohort study John Malcolm, Bay of Plenty District Health Board, New Zealand Title: Paraviral exanthems in childhood Regina Folster-Holst, Past President of European Society for Pediatric Dermatology, Germany Title: Intranasal Oxytocin as behavioural pharmacotherapy in autism spectrum disorder Treeah Majors, University of Pennsylvania School of Nursing, USA

Day 2 July 14, 2018 CONFERENCE HALL: FREDERICK

	Keynote Forum
09:00-09:40	Title: A new horizon for pediatric aerosolized medication delivery to infants via high
	flow nasal cannula and vibrating mesh nebulization
	Sherwin Morgan, University of Chicago Medicine, USA
09:40-10:20	Title: Malnutrition in children- South Africa's present scenario
7. 10-10.20	Mir Anwar, Richmond Chest Hospital, South Africa
	Panel Discussion
10.05.11.1	Group Photo & Networking & Refreshment Break 10:20-10:35 @ Dorothy
10:35-11:15	Title: The role of laser in tongue tie division: A pilot study
	Kaye Talijancich, Princess Margaret Hospital for Children, Australia
11:15-12:55	Title: Drugs use in Biliary atresia and the roles of clinical pharmacist
	Christina YK Leung, University of Hong Kong, China
	Panel Discussion
	Lunch Break 12:55-14:00 @ Dorothy
14:00-14:40	Title: Anetodermic pilomatricoma in a 14-year old boy
	Regina Folster-Holst, Past President of European Society for Pediatric Dermatology, Germany
essions:	
	delivery and Dosage forms Pediatric Surgical Pathology Paediatrics and Child Health
	nacology Pediatric Cardio Pharmacology Pediatric Dermatology
	Sherwin Morgan, University of Chicago Medicine, USA
ession Chair:	Regina Folster Holst, Past President of European Society for Pediatric Dermatology, Germany
	Session Introduction
14.40.15.05	Title: Comparison between two & twenty four hour salt powder coverage in infant
14:40-15:05	umbilical granuloma treatment
	Ahmad Shah Farhat, Mashad University of Medical Science, Iran Title: Validation of the Arabic version of the Inventory of Coning Strategies of
15:05-15:30	Title: Validation of the Arabic version of the Inventory of Coping Strategies of Competitive Sport (ISCCS)
13:03-13:30	Jamel Hajji, Gafsa University, Tunisia
	Title: Regression of neonatal cardiac rhabdomyoma in two months through low-dose
15:30-15:50	Everolimus therapy
3.00	Jeng-Sheng Chang, China Medical University, Taiwan
	Panel Discussion
	Group Photo & Networking & Refreshment Break 15:50-16:10 @ Dorothy
	Title: Xanthogranulomatous appendicitis in a child: Report of a case and review of the
16:10-16:35	literature
	Sura Mohammad Alrawabdeh, Royal Medical Services, Jordan
16:35-17:00	Titlte: Pediatric antimicrobial stewardship in an adult hospital
10.00-17:00	Sarah S Nierman, Community Health Network/Butler University, USA
	Title: Iron status profile in children with hyperkinetic movement disorders: A comparison
17:00-17:25	with normal children
	Mersedeh Enshaei, Gilan University School of Medical Sciences, Iran
17.05.17.50	Title: Comparison of oral recombinant erythropoietin and subcutaneous recombinant
17:25-17:50	erythropoietin in prevention of anemia of prematurity
	Reza Saeidi, Mashhad University of Medical Sciences, Iran Title: Validation of the Tunisian version of the French version of the sempetitive state
17:50-18:15	Title: Validation of the Tunisian version of the French version of the competitive state anxiety inventory-2 revised (CSAI-2R), including frequency and direction scales
17:50-16:15	Jamel Hajji, Gafsa University, Tunisia
	Video Presentation
	Title: Mothers of preterm infants hospitalized in neonatal intensive care: Study of the
18:15-18:30	circumstances
10:13-10:30	Fathiha Bennaoui, Neonatal Intensive Care Unit, Mother and Child Hospital, Morocco
	Panel Discussion

Award & Closing Ceremony
