Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Conferencemanager@worldmeet.net participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Neonatology, Pediatric Toxicology.

About Osaka

OSAKA (about 330 miles southwest of Tokyo) is the second largest city in Japan and the 13th largest city in the world, with a population of about 10.5 million people. Situated on a sheltered bay, it is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with a convenient connection to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby. Even though Osaka is flat as flat can be its name means “big hill.” Osaka isn’t a very attractive place. Sometimes it seems like an endless concrete jungle of crowded streets and sidewalks, train lines, factories, office buildings, pre-fab homes and apartments squeezed much too close together. There isn’t all that much to see either. The main tourist sites include a concrete castle, an ultra-modern aquarium with a whale shark and the first Universal Studio to open up outside the United States.
