# Venue & Hospitality

Paris, France's capital is a major European city and a global center for art, fashion, gastronomy and culture. Its cityscape is crisscrossed by wide boulevards and the River Seine. Beyond such landmarks as the Eiffel Tower and Gothic Notre-Dame cathedral, the city is known for its cafe culture and designer boutiques along the Rue du Faubourg Saint-Honoré.

The Pediatric Practice in France is as always unique as itself. While U.S. medical school graduates had an average debt of \$154,000, French medical students receive their training virtually for free. For example, first-year medical students at the Faculte de Medecine Pierre et Marie Curie in Paris have only one mandatory cost for this year: an enrollment fee of \$264.
