25th Annual World Congress on Pediatrics

Day 1 August 19, 2024 Zarich Swizerland		D 1 A410 2024 7	
Title: How clinical research professionals are learning about the current state of the art Naoki Tsutsumi, National Center of Neurology and Psychiatry, Japan Title: A CASE REPORT OF FULL TERM NEWBORN WITH LARGE INTRACRANIAL HEMORRHAGE SURVIVING COMPLEX INTRVENTIONS OF CRANECTOMY AND ACUTE PRITIONEAL DIALNSIS IN THE NEONATAL PERIOD Dr. Karen Obilio Calibuso, Philippines Title: Are we cooking the babies right? Auditing the efficacy of thermoregulation in extreme preterm babies in their first 6 hours after birth in a tertiary neonatal unit Dr. Rebecca Webster (Pacidatrics Speciality Registrar, Bath, United Kingdom) Panel Discussions Scientific Sessions: General Pediatrics Noonatal Intensive & Critical Care Pediatric Cardiology Pediatric Neurology Pediatric Endocrinology Pediatric Gastroenterology Pediatric Psychology Title: Cecal will will adagnosed in a fetus: Case report Karina Sirkovich, Assuta Ashdod Hospital, Israel Title: The Role of Faculty of Medicine University of Gezira Students in improving maternal and child health among Families through primary health care centers practice and family medicine course at Wad Medani City, Gezira State, Sudan, 2022 Dr. Mustafa Alhamed, University of Gezira, Yemen Title: New excipient to formulate poorly soluble APIs Rajendran Arunagiri, Global Pharma Segment Manager, USA Title: General Pediatrics and its challenges in Ethiopia 10:00-10:30 Dr. Hanna Molla, Jimma University, Ebiopia Title: Chitosan-Coated PLGA nanoparticles loaded with peganum harmala alkaloids with promising antibacterial and wound healing activities Sherif Ashraf Fahmy, American University, Egypt Title: The impact of pharmacists engaged in collaborative practice agreements in the United States Theopeste Kerelos, Brevard Health Alliance, Inc., USA Title: Application of phenotype microarray in lung cancer after treatment with cisplatin promising antibacterial and wound healing activities Sanad Mohammed Alonezi, University of Strathclyde, Saudi Arabia Title: The addional us	Day 1 August 19, 2024 Zurich Switzerland		
Title: How clinical research professionals are learning about the current state of the art Nocition	06:00-06:15		
Naoki Tsutsumi, National Center of Neurology and Psychiatry, Japan			
Title: A CASE REPORT OF FULL TERM NEWBORN WITH LARGE INTRACRANIAL HEWORRHAGE SURVIVING COMPLEX INTRIVERYINGS OF CRANIECTOMY AND ACUTE PERITONEAL DIALYSIS IN THE NEONATAL PERIOD Dr. Karen Obillo Calibuso, Philippines	06:15-06:45	Title: How clinical research professionals are learning about the current state of the art	
06:45-07:15 HEMORRHAGE SURVIVING COMPLEX INTERVENTIONS OF CRANIECTOMY AND ACUTE PERITONEAL DIALNSIS IN THE NEONATAL PERIOD Dr. Karen Obillo Calibuso, Philippines 07:15-07:45 Title: Are we cooking the babies right? Auditing the efficacy of thermoregulation in extreme preterm babies in their first 6 hours after birth in a tertiary neonatal unit Dr. Rebecca Webster (Paediatrics Speciality Registrar, Bath, United Kingdom)		Naoki Tsutsumi, National Center of Neurology and Psychiatry, Japan	
AND ACUTE PERTONEAL DIALYSIS IN THE NEONATAL PERIOD Dr. Karen Obillo Calibuso, Philippines Title: Are we cooking the babies right? Auditing the efficacy of thermoregulation in extreme preterm babies in their first 6 hours after birth in a tertiary neonatal unit Dr. Rebecca Webster (Paediatrics Speciality Registrar, Bath, United Kingdom) Panel Discussions Scientific Sessions: General Pediatrics Neonatal Intensive & Critical Care Pediatric Cardiology Pediatric Neurology Pediatric Endocrinology Pediatric Gastroenterology Pediatric Psychology 108:00-08:30 Title: Cacal volvulus diagnosed in a fetus: Case report Karina Sirkovich, Assuta Ashdod Hospital, Israel Title: The Role of Faculty of Medicine University of Gezira Students in improving maternal and child health among Families through primary health care centers practice and family medicine course at Wad Medani City, Gezira State, Sudan, 2022 Dr. Mustafa Alhamed, University of Gezira, Yemen Title: New excipient to formulate poorly soluble APIs Rajendran Arunagiri, Global Pharma Segment Manager, USA Title: General Pediatrics and its challenges in Ethiopia 10:00-10:30 Dr. Hanna Molla, Jimma University, Ethiopia Title: Chitosan-Coated PLGA nanoparticles loaded with peganum harmala alkaloids with promising antibacterial and wound healing activities Sherif Ashraf Fahmy, American University, Egypt Title: The impact of pharmacists engaged in collaborative practice agreements in the United States Theopeste Kerelos, Brevard Health Alliance, Inc., USA Title: Application of phenotype microarray in lung cancer after treatment with cisplatin Sanad Mohammed Alonezi, University of Strathclyde, Saudi Arabia Title: Application of phenotype microarray in lung cancer after treatment with cisplatin filt: Could be biosurfactant extracts a new generation of antibiotics? Jose M. Cruz, University of Vigo, Spain Title: Rational use of anti-malarial drugs on the management of malaria cases and the rational prescribing practice of antimalarial, The case of ethiopian teac	06:45-07:15	Title: A CASE REPORT OF FULL TERM NEWBORN WITH LARGE INTRACRANIAL	
Dr. Karen Obillo Calibuso, Philippines 07:15-07:45 Title: Are we cooking the babies right? Auditing the efficacy of thermoregulation in extreme preterm babies in their first 6 hours after birth in a tertiary meanatal unit Dr. Rebecca Webster (Paediatrics Speciality Registrar, Bath, United Kingdom) Scientific Sessions: General Pediatrics Neonatal Intensive & Critical Care Pediatric Cardiology Pediatric Neurology Pediatric Endocrinology Pediatric Gastroenterology Pediatric Psychology 08:00-08:30 Title: Cecal volvulus diagnosed in a fetus: Case report Karina Sirkovich, Assuta Ashdod Hospital, Israel Title: The Role of Faculty of Medicine University of Gezira Students in improving maternal and child health among Families through primary health care centers practice and family medicine course at Wad Medani City, Gezira State, Sudan, 2022 Dr. Mustafa Alhamed, University of Gezira, Yemen Title: New excipient to formulate poorly soluble APIs Rajendran Arunagiri, Global Pharma Segment Manager, USA Title: General Pediatrics and its challenges in Ethiopia Title: Chitosan-Coated PLGA nanoparticles loaded with peganum harmala alkaloids with promising antibacterial and wound healing activities Sherif Ashraf Fahmy, American University, Egypt Title: The impact of pharmacists engaged in collaborative practice agreements in the United States Theopeste Kerelos, Brevard Health Alliance, Inc., USA Title: Application of phenotype microarray in lung cancer after treatment with cisplatin [11:30-12:00] Title: Round be biosurfactant extracts a new generation of antibiotics? Jose M. Cruz, University of Vigo, Spain Title: Rational use of anti-malarial drugs on the management of malaria cases and the rational prescribing practice of antimalarial, The case of ethiopian teaching hospital: Retrospective crossectional study Lydia Ferenje, Ministry of Health, Ethiopia Title: The effect of biological factors on birth weight, gestation and centile intrauterine growth curves in South Indian Newborns Grace Christopher,		HEMORRHAGE SURVIVING COMPLEX INTERVENTIONS OF CRANIECTOMY	
107:15-07:45 Title: Are we cooking the babies right?
