Scientific Program
7th International Conference on
Predictive, Preventive and Personalized Medicine & Molecular Diagnostics
October 05-06, 2017 Chicago, USA

**For Available Speaker Slots**
Contact: personalizedmedicine@conferenceseries.net
http://personalizedmedicine.conferenceseries.com/

Theme: “comprehensive overview of what personalized Medicine means today”
Title: “The Need of Precision Medicine in Kidney Transplantation”

Kevin John Fowler
Patient Voice | Patient Engagement | Rare Diseases, USA

Title: “Principles of Personalized Medicine are Applied to cancer”

Kewal K Jain
Jain Pharma Biotech, Switzerland
Title: “Putting the ‘mind’ or the ‘me’ into personalized medicine”
Howard R. Moskowitz
Mind Genomics Associates, USA

Title: “Putting the ‘mind’ or the ‘me’ into personalized medicine”
Ramon Cacabelos
EuroEspes Biomedical Research Center, Spain

Title: The “30,000” Foot View: Technology – Behavior Science - Lifestyle Medicine-Personalized Care
Steven A. Feyrer-Melk
Lifestyle Medicine USA

Title: PPPM (Predictive, Preventive and Personalized Medicine) as a New Model of National and International Healthcare Services to Secure a Biosafety of the Society
Sergey Suchkov
I.M. Sechenov First Moscow State Medical University, Russia

Title: “TBA”
Sean Xinghua Hu
Hu, Global data, USA
Title: “e-Patient’s Perspective path to survival monitoring own biomarkers during Clinical Trials using Real World Evidence and Risk Based Monitoring”
Jack Whelan
Research Advocate, Cancer survivor warrior, USA

Title: “Effects of school-based mindfulness training on learning skills of secondary school students”
Luigi Maselli
Founder Italian Lifestyle Medicine Association, Italy

Title: “Regenerative Medicine - Use of Stem Cells as Therapeutic Options to Treat Degenerative Conditions Mediated by Inflammation and Aging”
Vincent S Gallicchio
Clemson University, USA

Title: “Multielement profiling as an effective tool of predictive,preventive and personalized medicine”
Anatoly V Skalny
Director Orenburg State University, Russia

Title: “Implementation of A Hybrid Informatics Solution for A Large Personalized Medicine Program”
Xiaowu Gai
Director of Bioinformatics, USA
### 7th International Conference on Predictive, Preventive and Personalized Medicine & Molecular Diagnostics

October 05-06, 2017 Chicago, Illinois, USA

#### Scheduled Program

| Day 01 |
| Day 01 |
| Keynote Forum |

**Title: The “30,000” Foot View: Technology – Behavior Science - Lifestyle Medicine - Personalized Care.**

Steven A. Feyrer-Melk, Lifestyle Medicine USA

**Title: Putting the ‘mind’ or the ‘me’ into personalized medicine**

Howard R. Moskowitz, Mind Genomics Associates, USA

**Title: e-Patient’s Perspective path to survival monitoring own biomarkers during Clinical Trials using Real World Evidence and Risk Based Monitoring.**

Jack Whelan, Research Advocate, Cancer survivor warrior, USA

| Keynote Slot Available |
| Workshops & Breaks |

**workshop on The Need of Precision Medicine in Kidney Transplantation**

Kevin John Fowler, Patient Voice | Patient Engagement | Rare Diseases, USA

| Speaker Slot Available |

| Panel Discussion |
| Group Photo |
| Networking and Refreshments Break |

**General Sessions**

Paths Of Biomarkers | Clinical Case Reports | Lifestyle Medicine | Preventive Medicines | Personalized oncology | Immunology infectious disease | Cardiology and vascular medicine | Personalized Medicine & its Innovations | Advances In Molecular Diagnostics

**Title: Regenerative Medicine - Use of Stem Cells as Therapeutic Options to Treat Degenerative Conditions Mediated by Inflammation and Aging**

Vincent S Gallicchio, Clemson University, USA

**Title: PPPM (Predictive, Preventive and Personalized Medicine) as a New Model of National and International Healthcare Services to Secure a Biosafety**

Sergey Suchkov, I.M. Sechenov First Moscow State Medical University, Russia

**Title: TBA**

Sean Xinghua Hu, Global data, USA

**Title: TBA**

Ramón Cacabelos, EuroEspes Biomedical Research Center, Spain
| Speaker Slot Available | Title: Novel Approach to Pharmacogenomics: An Electronic Methodology Utilizing Predictive and Known Pharmacogenomics Drug/Gene Interactions  
Mark Rosenbloom, LIFEFORCE Medical Institute, USA |
|------------------------|-------------------------------------------------------------------------------------------------|
| Speaker Slot Available | Title: ADAPT Biotargeting SystemTM: A next generation poly-ligand profiling approach for precision medicine  
Mark R. Miglarese, Caris Life Sciences, USA |
| Speaker Slot Available | Title: Epitope mapping of the human immuneome directly from sera  
Michael Szardenings, Fraunhofer Institute, Germany |
| Speaker Slot Available | Title: Polypharmacy: A Conundrum with a Personalized Laboratory Medicine Solution  
Roland Valdes, University of Louisville School of Medicine, USA |
| Speaker Slot Available | Title: Predictive Medicine Evolution  
Vladislav S. Baranov, D.O.Ott’s Institute of Obstetrics, Russia |
| Speaker Slot Available | Title: Scientific basis of personalized management of cancer  
K. K. Jain, Jain PharmaBiotech, Basel, Switzerland |
| Speaker Slot Available | Title: Isoform quantification in RNA sequencing: challenges and applications  
Shanrong Zhao, Pfizer Worldwide Research & Development, USA |
| Speaker Slot Available | Title: Efficacy of lasers on pigmented lesions, telangiectasias, hemangiomas and rejuvenation  
Maria Voyatzis, Aristotle University of Thessaloniki, Greece |
| Speaker Slot Available | Title: Personalized treatment of ADHD probands: Potential role of dopaminergic transporter variants identified in Indians  
Kanchan Mukhopadhyay, Manovikas Biomedical Research and Diagnostic Centre, India |
| Speaker Slot Available | Title: Prostatic Specific Antigen (PSA) A predictive, diagnostic and prognostic biomarker in prostate cancer  
Manjit Singh Bal, Professor at MM Medical College & Hospital, Kumarhatti- Solan, India |
| Speaker Slot Available | Title: TBA  
Sergey Zhuplatov, Medical Alignment at AstraZeneca, USA |
| Speaker Slot Available | Title: Precision medicine in ALS: an application encompassing neurodegeneration  
Vincenzo Silani, University of Milan Medical School, Italy |
| Speaker Slot Available | Title: TBA  
Darrell Borger, Biomarker Laboratory at Mass General Hospital, USA |
| Speaker Slot Available | Title: The promising role of Circulating Tumour Cells in the personalized immunotherapy against cancer: why and how  
Natalia Malara, Magna Graecia University School of Medicine, Italy |
| Speaker Slot Available | Title: Stem cells as a tool for companion diagnostics and personalized medicine  
J. Hescheler, Institut für Neurophysiologie, Germany |
| Speaker Slot Available | Title: The role of omiks technology in the formation of personalized medicine and research of metallom  
Kamalidin Sharipov, Asfendiyarov Kazakh National Medical University, Kazakhstan |
| Panel Discussion | Speaker Slots Available |
### Day 02

**Keynote Forum**

<table>
<thead>
<tr>
<th>Speaker Slot Available</th>
</tr>
</thead>
<tbody>
<tr>
<td>Speaker Slot Available</td>
</tr>

**Title:** Market Strategies & Challenges In Personalised Medicine | Personalized Drug Therapy | Personalised Medicine In 21st Century | Treatment of Genetic Disorders | Genomics & Personalized Medicine | Approaches To Stem Cells

**Workshop on**

**Principles of Personalized Medicine are Applied to cancer**  
**Author:** Kewal K Jain, Jain Pharma Biotech, Switzerland

**Title:** Implementation of A Hybrid Informatics Solution for A Large Personalized Medicine Program  
**Author:** Xiaowu Gai, Director of Bioinformatics, USA

**Title:** Reinventing the clinical trials process. The SCIO concept meets Personalized Medicine needs  
**Author:** Candida Fratazzi, President Boston Biotech Clinical Research, USA

**Title:** Personalized Care - Lifestyle Medicine - Behavioral Science - Technology: The Right Fit For Any Practice Model.  
**Author:** Steven A. Feyrer-Melk, Lifestyle Medicine USA

**Title:** The Synergy Effect of TMF and Glycitin on Wound Repair  
**Author:** Moonjae Cho, Jeju National University, Korea

**Title:** Therapeutic implication of the phytochemicals in human gastric cancer cells  
**Author:** Somi K. Cho, Jeju National University, Korea

**Title:** Unrecognized Market Potentials in Personalized Medicine  
**Author:** James Lyons-Weiler, Institute for Pure and Applied Knowledge, PA

**Speaker Slot Available**

<table>

</table>
| PO6 | Title: Development of Laboratory for Genetics and Personalized Medicine at the Zan Mitrev Clinic in Skopje, Republic of Macedonia  
Zan Mitrev, Zan Mitrev Clinic, Republic of Macedonia |
|---|---|
| PO7 | Title: Self-Management of Diabetes: The impact of Psychosocial Factors on Hemoglobin A1C Levels of Patients with Diabetes Mellitus  
Megan Fritz & Brooke Weyenberg, University of Wisconsin-Oshkosh, USA |
| PO8 | Title: Magnitude And Determinants Of Physical Activity In Ethiopia: Evidence From 2015 Ethiopia Ncd National Survey  
Kassahun Amenu, Ethiopian Public Health Institute, Ethiopia |

Career Guidance by Experts  
Panel Discussion and Closing Ceremony

Note: Program Schedule is subject to change with final allotment of speaker slots  
For more details PS: http://personalizedmedicine.conferenceseries.com/

For any queries related to conference contact Max Steven at  
personalizedmedicine@conferenceseries.net or personalizedmedicine@geneticconferences.com
### Keynote Forum

**Introduction**

**Title:** Mind Genomics, Messaging, and Engineering More Acceptable & Effective Experience in Medicine by

*Howard R. Moskowitz,* Mind Genomics Associates, USA

**Title:** Unlocking the Potential of Precision Genomic Medicine: Examples from Oncology

*David Duggan,* Translational Genomics Research Institute, USA

**Title:** Precision/Personalized Medicine: Encouraging Trend, but Major Challenges Ahead?

*Sean X Hu,* Global Data, USA

**Title:** PPPM as a sort of National and International Models of Healthcare Services of the Newest Generation: The Invitation for the Innovations to Secure the Biosafety of the Nations

*Sergey Suchkov,* I.M. Sechenov First Moscow State Medical University, Moscow, Russia

**Networking and Refreshment Break: @ Foyer**

**Group Photo**

**Lunch Break: @ Foyer**

**Major Sessions:**

- Pharmacogenomics: Convergence of Pharmacology & Genomics | Clinical Case Reports | Preventive Medicines | Personalized oncology | Advances In Molecular Diagnostics | Genomics & Personalized Medicine | Genetics Of Ebola Outbreak | Life style Medicine

**Session Chair:** Oscar tejido, EuroEspes Biomedical Research Center, Spain

**Session Co-Chair:** Sean X Hu, Global Data, USA

**Session Introduction**

**Title:** Personalized medicine - the future of clinical practice - will it lead to better patient care?

*Vincent S. Gallicchio,* Clemson University, USA

**Title:** Achieving clinical grade genetic testing based on whole genome sequencing

*Bahram G Kermani,* Crystal Genetics Inc., USA

**Title:** Personalizing the benefit risk assessment when prescribing medicines – Doing more with less

*Gregory Fiore,* Fiore Healthcare Advisors, USA
Title: Developing a companion Dx in oncology: From academic research project to companion trial
Anthony Johnson, Empire Genomics LLC, USA

Title: Acute appendicitis with neuroendocrine tumor G1 (carcinoid): Pitfalls of conservative treatment
Hiroyuki A Watanabe, Kohnan Aozora, Japan

Title: E-PodoFavalin-15999 (Atremorine®): A new modality of nutrigenomic intervention in Parkinson’s disease
Ramon Cacabelos, EuroEspes Biomedical Research Center, Spain

Title: Clinoptilolite zeolite: A fascinating mineral with capabilities to rebalance and detoxify the body towards a longer, active and healthier live
Lars von Olleschik-Elbheim, Elbheim Consultation, Germany

Title: Molecular profiling reveals actionable targets in breast cancer patients
Gargi Basu, Ashion Analytics, USA

Panel Discussion
Day 2   September 23, 2016
Sagebrush

Major Sessions:
Clinical Case Reports | Preventive Medicines | Personalized oncology | Advances In Molecular Diagnostics | Genomics & Personalized Medicine | Personalised Medicine In 21st Century

Session Chair: Howard R Moskowitz, Mind Genomics Associates, USA
Session Co-Chair: Bahram G Kermani, Crystal Genetics Inc., USA

Session Introduction
Title: Beyond Diagnosis: The individualized approaches complementary and alternative medicine practitioners take in working with clients with multiple sclerosis
Kimberly Burnham, Akamai University, USA
Title: Personalized Care – Lifestyle Medicine – Technology . . .The right fit for any practice model
Steven A Feyrer-Melk, Optimal Heart Attack and Stroke Prevention Center, USA

Lunch Break: @ Foyer

Title: Personalization in coronary/peripheral interventions is the new frontier
Malakoudis Eleftherios, Alvek Medical Implants, Greece
Title: The “30,000” Foot View: Technology - Personalized care –Behavior Change.
Steven A Feyrer-Melk, Optimal Heart Attack and Stroke Prevention Center, USA
Title: Screening diagnostics of human health using the IT-technologies is the base of preventive medicine
Aizman Roman Idelevich, Novosibirsk State Pedagogical University, Russia
Title: Developing plant based preventive medicine for malaria
Naveen Kumar Kaushik, Amity University, India
Title: Reinventing the clinical trials process: The SCIO concept meets personalized medicine needs
Candida Fratazzi, BBCR Consulting, USA

Unique Features of Personalized Medicine 2017

- The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows
- Accepted Abstracts will be published in the respective journals and will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref (Free abstract publishing).
- Lifetime Speaker and Abstract pages created and indexed in Google on your name, would get worldwide acknowledgment to your profile and Research.
- Group of attendees from the same lab/institute/university (or) anyone who wish to attend the conference will be eligible for discounts.
- For Students Best Poster and Young Researcher Award.
Conference Sessions

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, research oriented, experimental or theoretical work in all areas of Genetics are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Paths Of Biomarkers
- Clinical Case Reports
- Lifestyle Medicine
- Preventive Medicines
- Personalized oncology
- Immunology infectious disease
- Cardiology and vascular medicine
- Personalized Medicine & its Innovations
- Advances In Molecular Diagnostics
- Market Strategies & Challenges In Personalised Medicine
- Personalized Drug Therapy
- Personalised Medicine In 21st Century
- Pharmacogenomics: Convergence of Pharmacology & Genomics
- Genomics & Personalized Medicine
- Genetics Of Ebola Outbreak
- Approaches To Stem Cells
- Nanotechnology: Future Of Personalised Medicine

Young Research Forum

Young Researchers can also participate in this elite conference

Eligibility

Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years.
Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers

Benefits

The forum will provide an opportunity for collegial interaction with other speakers and established celebrative across the globe.
Young Researcher Award will be given to the best presentation by the organizing committee member.

Speaker’s PPT

You may submit your presentation to any of our onsite organizers on the day of your talk. If your presentation is not compatible with our laptops, then you may also use your own laptop.
Glimpses of Personalized Medicine

Personalized medicine Congress is conducted annually. Building on the achievement of earlier conferences personalized medicine 2015 (valencia, Spain) followed by personalized medicine 2016 (Phoenix, USA). Conference series LLC delightfully welcomes once again all the researchers to share their experiences and ideas through talks and presentations from diverse fields in advanced Personalized medicine. This event provides an international platform in bringing together a Forum for eminent researchers, students, postdocs, and business entrepreneurs to exchange their ideas and contributing an integrative approach to the diversified fields related to Genetics.

Personalized medicine Congress one of the World’s best platform on Pathology events will enable to put forth the holistic scientific approach to validating existing and development of genetic techniques as to better understanding of diseases and diagnosis. Personalized medicine conference is set to witness an exhilarating sessions in scientific program which will focus on latest innovations. The meeting also provides an opportunity to highlight the recent developments besides identifying emerging future areas of growth.

Key Note Speakers @ 2016 Conference

Howard R. Moskowitz
USA

Ramon Cacabelos
Spain

Sean Xinhua Hu
USA

Sergey Suchkov
Russia

David Duggan
USA
Chicago is the third-most populous city in the United States. With over 2.7 million residents, it is the most populous city in the state of Illinois and the Midwestern United States, and the county seat of Cook County. The Chicago metropolitan area, often referred to as Chicagoland, has nearly 10 million people and is the third-largest in the U.S.

Chicago was incorporated as a city in 1837, near a portage between the Great Lakes and the Mississippi River watershed, and grew rapidly in the mid-nineteenth century. The city is an international hub for finance, commerce, industry, technology, telecommunications, and transportation: O’Hare International Airport is the second-busiest airport in the world when measured by aircraft traffic; the region also has the largest number of U.S. highways and rail road freight. In 2012, Chicago was listed as an alpha global city by the Globalization and World Cities Research Network, and ranked seventh in the world in the 2014 Global Cities Index. Chicago has the third-largest gross metropolitan product in the United States—about $630.3 billion according to 2014-2016 estimates.

In 2015, Chicago hosted over 52 million international and domestic visitors, a new record for the city making it one of the top visited cities in the nation. Chicago’s culture includes the visual arts, novels, film, theater, especially improvisational comedy, and music, particularly jazz, blues, soul, gospel and house music.
