Program Announcement

Venue

Hyatt Regency Osaka
1-13-11 Nanko-Kita, Suminoe-Ku
Osaka, Japan, 559-0034

Important Dates

Abstract Submission Opens: September 01, 2018
Registration Opens: September 05, 2018
On Spot Registration: February 28, 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Pharma Biosimilars 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Pharma Biosimilars and Pharmaceutical.

About Osaka

Being one of the most advanced in terms of technology countries in the world, Japan also offers an ancient outlook to tourists, especially their religious sites. It's known for its modern architecture, nightlife and hearty street food. The 16th-century shogunate Osaka Castle, which has undergone several restorations, is its main historical landmark. It's surrounded by a moat and park with plum, peach and cherry-blossom trees. Sumiyoshi-Taisha is among Japan's oldest Shinto shrines. Osaka ranks 19th among the world's leading cities and plays an important role in the global economy.

A beautiful ancient Buddhist temple which is located up the mountains in Japan is one good reason that you should visit and see them yourself. The National Museum of Art is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five-storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. Osaka Aquarium Taiyuan, SHIEN-ji Temple, The Tempo an Ferris Wheel, Twin Towers: Senkaku and the Kobe Port Tower are the attractive places in Osaka
