

Scientific Program

31st Annual European

PHARMA CONGRESS

&

14th European

BIOSIMILARS CONGRESS

April 28-2021 | WEBINAR

EXHIBITOR

DAY-1

April 28, 2021

10:50-11:00 Registrations

Opening Ceremony.....09:00-09:30

Keynote Forum

09:30-09:35 Introduction

11:00-11:30 **Title: Novel approaches for targeted drug delivery system**
Mullaicharam Bhupathyracij, National University of Science and Technology, Oman

11:30-12:00 **Title: Nanocarriers loaded In-situ gels for enhanced prolonged release of statins**
Mallech Kurakula, University of Memphis, USA

12:00-12:30 **Title: Factors dictating the uptake and success of the third wave of Biosimilars**
Deepak Jayakumar, Frost & Sullivan, India

Network & Refreshment Break 12:30-13:00

Sessions: Pharmaceutical Sciences | Drug Regulations | Pharmacognosy | Pharmaceutical Formulations | Clinical Pharmacy | Pathophysiology | Drug Delivery Technologies | Pharmaceutical Biotechnology | Pharmacy Practice | Industrial Pharmacy | Quality Assurance | Chemical and Analytical Strategies for Biosimilars | Biological Medicine | Emerging Biosimilars in Therapeutics | Regulatory Updates on Biosimilars | Biosimilars Development in Market | Biopharmaceutical Informatics | BCS and IVIVC Based Biowaivers | Challenges in Biosimilars Pharmacovigilance | Legal Issues and BPCI Act

Introduction

13:00-13:30 **Title: Inhibitors of UDP-Galactopyranose Mutase from Mycobacterium tuberculosis, a potential antimycobacterial drug target**
Dalia M. Ahmed, University of Saskatchewan, Canada

13:30-14:00 **Title: Efficiency of shea nuts hulls extract in skin damages repairing : Healing effect on rat wounds**
Megnanou Rose-Monde, Félix Houphouët-Boigny University, Baku, Ivory Coast

14:00-14:30 **Title: Shea nuts hulls as an efficient organic source of antifungal : Inhibition power against candida and trichophyton strains**
Kouakou Abel Boris, Félix Houphouët-Boigny University, Baku, Ivory Coast

14:30-15:00 **Title: Shea cake exploitation potential in the management of disease linked to oxydative stress : DPPH reduction power of protein and polyphenolic extracts of shea cake.**

Djoman Ahouman Elisée Silas, Félix Houphouët-Boigny University, Baku, Ivory Coast

15:00-15:30 **Title: Pharmacokinetics of an oral human growth hormone (hGH) formulation in rats and mice**

Gregory Burshtein, Entera Bio Ltd., Israel

Poster Presentations 15:35-15:55 @ Foyer

15:30-16:00 **Title: Analytical similarity assessment of bevacizumab biosimilar candidate MB02 using multiple state-of-the-art assays**

Isabel Ruppen, mAbxience, Spain

Closing Ceremony
