## B2B Meetings

# Invitation

Dear Attendees,

Conference Series llc LTD welcomes you to attend the **10<sup>th</sup> World Congress on Pharmacology**, which is going to be held in **Barcelona, Spain** during **August 02-03, 2018**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Pharmacology.

Pharmacology 2018 anticipates participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. With members from around the world focused on learning about pharmacology and its advances; this is your best opportunity to reach the largest assemblage of participants from the Pharmacology community. Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this event. World-renowned speakers, the most recent techniques, developments, and the newest updates in Pharmacology are hallmarks of this conference. The attending delegates include Editorial Board Members of related Conference Series llc LTD Journals.

This is an excellent opportunity for the researchers, scientists, young scholars, pharmacologists, industry professionals, entrepreneurs and delegates from Universities and Institutes to interact with the world class Scientists.

It is a platform to discuss various aspects of cutting edge strategies, new technologies, developments and methods to allow you to further your research, the diseases and their cures, case studies from all over the world and research experiences of eminent investigators along with latest technology/solution advancements in the field.

The main theme of the conference is “State-of-the-art Education on New Developments in Pharmacology”.

Regards,  
Pharmacology 2018

## B2B Meetings

### Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+  Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

### Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

### Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

### Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Special Issues : All accepted abstracts will be**

published irrespective UK: Conference Series Ilc LTD LTD Journals

Each abstract will be provided with digital Object Identifier by

## B2B Meetings

Pharmacology 2018 Conference will be extremely helpful for future research and clinical practices in general and to understand drugs and how they can affect human physiology. It is with better understanding of Pharmacology one can know the right dosage and dosage forms of drugs. More research in pharmacology deals with identifying and responding to drug interactions and its side effects along with its mechanism of action, its therapeutic index and thereby treat accordingly. More intensive study with the interaction between drug and its therapeutic effect helps to identify the properties of ideal drugs.

### Pharmacology 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

### Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Pharmacology present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

## B2B Meetings

### Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Pharmacology, Drug discovery & Development
- Discuss and apply recent research findings related to Pharmacology, Drug discovery & Development
- Reflect on the place of critical distance in Pharmacology, Drug discovery & Development

### Who should attend

10<sup>th</sup> World Congress on Pharmacology is a 2 day international conference attracting researchers, scientists, young scholars, pharmacologists, industry professionals, entrepreneurs, poster communications and participants from all over the globe. It is a platform to discuss various aspects of cutting edge strategies, new technologies, developments and methods to allow you to further your research, the diseases and their cures, case studies from all over the world and research experiences of eminent investigators along with latest technology/solution advancements in the field.

### About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by  Crossref

### Major Sessions

- Pharmacology
- Neuropharmacology and Psychopharmacology
- Clinical Pharmacology and Receptor theory
- Pharmacokinetics and Pharmacodynamics
- Cardiovascular Pharmacology
- Ethnopharmacology
- Immunopharmacology
- Pharmacogenetics and Pharmacogenomics
- Toxicology
- Drug Screening and Discovery
- Advances in Pharmacological Research
- Ocular Pharmacology
- Biochemical Pharmacology
- Pharmacoepidemiology and Pharmaco-economics
- Pharmacological Testing
- Nursing Pharmacology

## About Barcelona

Barcelona, nicknamed the city of counts, is the capital city of the autonomous community of Catalonia in Spain. It is the country's second most populous municipality in Spain, with a population of 1.6 million, being the sixth most populous urban area in the European Union after Paris, London, and Madrid. It is the second largest city in Spain, after capital city Madrid. It is located on the coastline between the mouths of the rivers Besòs and Llobregat, and bounded to the west by the Serra de Collserola mountain range which is 1,680 feet high. It is located on the northeast coast of the Iberian Peninsula, which covers an area of 170 km<sup>2</sup> of which 101 km<sup>2</sup> are occupied by the city itself. It is 120 kilometres (75 miles) south of the Pyrenees and the Catalan border with France. Most spoken language in Barcelona is Spanish and it is understood almost universally. After Spanish, Catalan is the second most spoken language. It is the 20th most visited city in the world by international visitors and the 5th most visited city in Europe after London, Paris, Istanbul and Rome, with 5.5 million international visitors per year and it is ranked as the most popular city to visit in Spain.

Internationally it is renowned a tourist destination, with numerous entertaining areas, one of the finest beaches in the world, mild and warm climate, historical monuments, including eight UNESCO World Heritage Sites, 519 hotels including 35 five star hotels and developed tourist infrastructure. Some of the most famous historic buildings and monuments of Barcelona, The Cathedral of the Holy Cross and St. Eulalia (Gothic), Gothic basilica of Santa Maria del Mar, Gothic basilica of Santa Maria del Pi, Romanesque church of Sant Pau del Camp, Palau Reial Major, medieval residence of the sovereign Counts of Barcelona, later Kings of Aragon, The Royal Shipyard, Monastery of Pedralbes. It has a great number of museums, which cover. The long sporting tradition and hosted the highly successful 1992 Summer Olympics. The well-known sports club FC Barcelona is one of the largest in the world and second richest football club in the world. It was also home to Mies van der Rohe's Barcelona Pavilion which is designed in 1929 for the International Exposition for Germany. It was an iconic building that came to signify modern architecture as the embodiment of van der Rohe's aphorisms "less is more" and "God is in the details." The Barcelona pavilion was intended as a momentary structure and was torn down in 1930 less than a year after it was constructed. A re-creation by Spanish architects presently stands in Barcelona constructed in 1986.
