Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Physicians 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Physiotherapist & Physicians Summit.

About Tokyo

Tokyo is the capital city of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most populous metropolitan area in the world. Tokyo is a fast-paced city with an almost manic energy. The city is constantly changing, as the local obsession with newness makes fashions fade fast and the latest technologies quickly obsolete. However, the hyper-urban cosmopolis does have a more traditional side that, although not immediately evident, is still there to charm travellers with its shrines, public baths and leafy parks. The city is also as important historically as it is in the pop-culture world.
