# INVITATION

Dear Attendees,

We are glad to announce the **Annual Congress on Plant Biology & Plant Breeding** to be held in **Tokyo, Japan** on **November 09-10, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Plant biology 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Nursing. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Annual Congress on Plant Biology & Plant Breeding amid November 09-10, 2020 at Tokyo, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,  
**Plant biology 2020**  
Organizing Committee

Plant biology 2020

# ABOUT US

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

# ABOUT CONFERENCES

We are glad to announce the **Annual Congress on Plant Biology & Plant Breeding** to be held in **Tokyo, Japan** on **November 09-10, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Plant biology 2020 which aims to gather the most elegant societies and industries along with the renowned and honorable persons from top universities across the globe. Plant biology 2020 on behalf of its organizing Committee welcomes all the Plant Biology & Plant Breeding researchers, industrialists, doctors, young scientists as well as student and corporate delegates to participate and to have a great experience. The theme of the conference is “**Bettering breeds for food security and nutrition**”. During Plant Biology & Plant Breeding conferences, the International symposiums, B2B meetings, international workshops will also be organized to discuss the specific topics in the field of Plant Biology & Plant Breeding.

## Plant biology 2020 salient features

- Meet Academia and Industry visionaries to get inspired
  - Expand your knowledge and find solutions to problems
  - Knowledge, Benchmarking and Networking offered at one place
  - Forge connections and for global networking
  - Highly Organized and Structured Scientific programs
  - Poster presentations and world class exhibitions
  - Meet with new vendors and suppliers
- 
- 3000+ Conferences across the globe in 150+ countries all through the year
  - Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
  - Participation by Stalwarts from various international societies
  - Internationally renowned speakers and scientist's representation
  - Career guidance for early career researchers and students
  - Interesting scientific deliberations and discussions
  - Perfect platform for Global Networking

## How Conference Series Conferences differs from others?

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Annual Congress on Plant Biology & Plant Breeding, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

## Goals

# ABOUT CONFERENCES

## Objectives

- After participating in this meeting, attendees should be able to Discuss emerging issues in Plant breeding and probable solutions to them
- Discuss and apply recent research findings related to Plant Biology & Plant Breeding
- Reflect on the place of critical distance in applications of plant biology Research

## Who should attend?

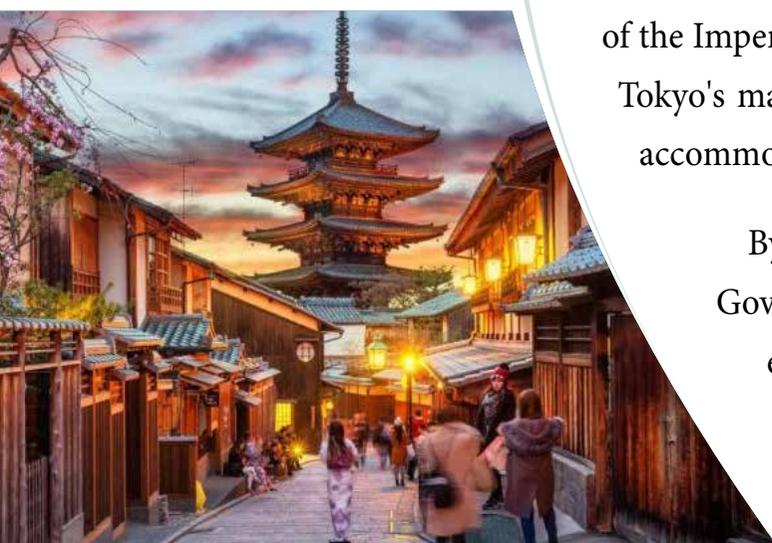

- Academicians including Professors, PhD Scholars, Nurses carrying out laboratory and field studies, Industrial Giants, healthcare professionals and the people Associated, Nobel laureates in Plant Biology & Plant Breeding researchers, industrialists, doctors, young scientists as well as corporate delegates

## Conference Sessions

- Plant Morphology and Anatomy
- Plant Breeding and Molecular Breeding
- Plant genetics and genomics
- Plant Biotechnology
- Plant metabolism and chemo diversity
- Plant plasticity
- Plant and soil science
- Phycology
- Plant microbe interaction
- Herbs, spices and medicinal plants
- Abiotic and biotic stresses
- Photobiology and photosynthesis
- Plant taxonomy
- Plant evolution and development
- Nanotechnology in plants
- Horticulture sciences
- Weed and pest control
- Agricultural food security
- Plant biophysics and modeling
- Plant biochemistry
- Plant signaling and behavior

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

## ABOUT TOKYO

Tokyo is Japan's capital and the world's most crowded city. It is likewise one of Japan's 47 prefectures, comprising of 23 focal city wards and different urban communities, towns, and towns west of the downtown area. The islands Izu and Ogasawara are most beautiful parts of Tokyo.

Tokyo offers an apparently boundless decision of shopping, amusement, culture, and feasting to its guests. The city's history can be acknowledged in regions, for example, Asakusa, and in numerous superb exhibition halls, memorable sanctuaries and greenhouses. Despite regular discernment, Tokyo likewise offers various alluring green spaces in the downtown area and inside generally short prepare rides at its edges.

Tokyo has more than 13 million occupants to engage, and a great deal going on. Begin your morning off with breakfast sushi at the world-well-known Tsukiji Fish Market at that point let yourself become mixed up in Japan's tremendous and intriguing history at the Tokyo National Museum or the Edo-Tokyo Museum. Take an hour or two and loosen up in the verdant patio nurseries (ideally with an excursion) of the Imperial Palace or the Shinjuku Gyoen National Garden. When you're prepared to go up against Tokyo's mammoth shopping scene, make a beeline for Ginza, the waterfront Odaiba or the anime-accommodating Akihabara for everything tech.

By the day's end, take a lift into the sky at either the Tokyo Tower or the Tokyo Metropolitan Government Building for a birds-eye perspective of the sparkling city. What's more, no excursion here would be finished without going to a portion of the city's more conventional destinations, including the Sensoji Temple and the otherworldly Meiji Shrine.

## IMPORTANT DATES

Abstract Submission Opens: **Feb 1, 2020**  
Registration Opens: **Feb 1, 2020**  
Early bird registration: **Feb 29, 2020**  
On spot registration: **Nov 9, 2020**
