

7<sup>th</sup> Annual Congress on

# PLANT SCIENCE & MOLECULAR BIOLOGY

February 28-March 01, 2019 Osaka, Japan

Dear Colleagues,

Conference Series llc LTD is delighted to welcome you to Osaka, Japan for the Prestigious 7<sup>th</sup> Annual Congress on Plant Science & Molecular Biology. Plant Science Congress 2019 will focus on “*Advancements & Innovations in Plant Science & Molecular Biology, Crops & Ecosystem*”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Osaka, Japan.

With Regards,

Plant Science Congress 2019 Operating Committee

# Program Announcement

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Plant Science Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Plant Science & Molecular Biology and Agriculture.

# About Osaka

Osaka is located on the main island of Honshu. It is Japan's second city. It is situated at Yodo River on Osaka bay and serving as a major economic hub for the country. It is the capital of Osaka prefecture and the largest component of keihanshin metropolitan area. It is the second largest metropolitan area in Japan and largest among the world with over 19 million inhabitants.

## Tourist Attractions in Osaka

- Osaka Castle: The famous 16th century Osaka Castle, situated on grounds which cover 15 acres, is known as one of Japan's most famous landmarks.
- Dotonbori: One of Osaka's busiest, brightest and most bustling tourist attractions is Dotonbori neighbourhood, running parallel to the Dotonbori canal from the Dotonboribashi Bridge to the Nipponbashi Bridge.
- Floating Garden Observatory: Located between the two towers which make up Osaka's Umeda Sky Building.
- Shitennoji Temple: One of oldest temples in Japan, Shitennoji was built in 593 by Prince Shotoku who was in favour of introducing Buddhism to the country.
- Osaka Aquarium: One of the largest aquariums in the world, the Osaka Aquarium Kaiyukan showcases the aquatic creatures of the Pacific Rim.
- Tempozan Ferris Wheel: The Tempozan Ferris Wheel is a popular attraction in Osaka.
- Namba Parks: Namba Parks is a huge shopping and office compound in the heart of Osaka.
- National Museum of Art: The museum is built sub terrain after the collection from the original museum was transferred to Nakanoshima.
