Dear Colleagues,

Conference Series llc LTD., is delighted to welcome you to Sydney, Australia for the Prestigious 4<sup>th</sup> **International Conference on Plant Science & Physiology**. Plant Science & Physiology 2019 will focus on “**Modern Exploration Technologies in Plant Researches**”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Sydney, Australia.

With Regards,

**Plant Science & Physiology 2019**

## Venue

Sydney, Australia

## Important Dates

Abstract submission opens: May 28, 2018

Registration opens: May 28, 2018

Early bird registration: July 26, 2018

On spot registration: March 25, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Plant Science & Physiology 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Plant Science & Physiology.

## About Sydney, Australia

Australia - Apart from being a great place to get a first-rate education, Australia is also a fantastic place to live. It provides a welcoming and multicultural society with a population that originates from around 200 countries. Australian people have a reputation for being amongst the friendliest in the world, and Australian cities are safe and clean, with low crime rates. The lifestyle and quality of living in Australia is among the best in the world. Several of Australia's capital cities regularly rank among the world's 'most livable' cities

Sydney has a reputation for being beautiful but shallow, but like the pretty girl in high school, she is often misunderstood and falsely labeled a show pony. Look a little closer and you'll find a city with a long and complex history, and one that's about so much more than being ridiculously good looking.

The Harbor City also abounds with sophisticated spots to eat that showcase the quality and abundance of local produce. Hole-in-the-wall bars are multiplying like rabbits due to a recent relaxation in the state's licensing laws, while golden sandy beaches yield to the lapping water of the Tasman Sea. Fun and often free festivals are on throughout the year, and celebrate Australia's rich cultural diversity.
