Dear Colleagues,

Conference Series llc Ltd. is delighted to welcome you to *Sydney, Australia* for the prestigious *Plasma Physics Asiapacific 2018*. Plasma Physics 2018 will focus on the theme “*Together Towards Tomorrow. Discover, Invent, Educate in the plasmic realm of Physics*”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at *Sydney, Australia*.

With Regards,

Plasma Physics 2018 Operating Committee
Conference Series llc Ltd. Conferences

Editorial Board Members of Supporting Journals:

Lukasz Andrzej Glinka

University of Russia, USA

Shikui Tang

University of Massachusetts, USA

Omid Gohardani

Cranfield University, UK

Eric M Lui

Syracuse University, USA

AnithaChennamaneni

Tarleton State University, USA

S Siyengar

Louisiana State University, USA

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Plasma Physics 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Plasma Physics.

About Sydney

Sydney, the capital state of New South Wales and the most populous city in Australia and Oceania. Located on Australia's east coast, the metropolis surrounds the world's largest natural harbor and sprawls about 70 km (43.5 mi) on its periphery towards the Blue Mountains to the west, Hawkesbury to the north and Macarthur to the south.

In addition to hosting events such as the 2000 Olympics, Sydney is amongst the top fifteen most-visited cities in the world, with millions of tourists coming each year to see the city's landmarks. Its natural features include Sydney Harbor, the Royal National Park, and the Royal Botanic Garden. Man-made attractions such as Sydney Tower, the Sydney Harbor Bridge, and the Sydney Opera House, are also well known to international visitors. Kingsford-Smith Airport is the main airport serving the metropolitan area, one of the world's oldest continually operating airports. The Central station is the main hub of the city's rail network.

There are six public universities based in Sydney: the University of Sydney, the University of New South Wales, the University of Technology Sydney, Macquarie University, the Western Sydney University, and the Australian Catholic University. Four public universities maintain secondary campuses in the city: the University of Notre Dame Australia, the University of Wollongong, Curtin University of Technology, and the University of Newcastle. 5.2% of residents of Sydney are attending a university. University of Sydney is ranked in the top 50 in the world, the University of Technology Sydney is ranked 193, while Macquarie University ranks 237, and the Western Sydney University below 500.

Abstract Submission

<https://plasmaphysics.enggconferences.com/abstract-submission.php>

Note: All the relevant abstracts will be accepted and published in respective conference proceedings.

Registration

<https://plasmaphysics.enggconferences.com/registration.php>

Important Dates

Abstract submission opens: April 18, 2018

Registration opens: April 18, 2018

Early bird registration: June 12, 2018

On spot registration: November 19, 2018

Venue

Sydney, Australia
