Glimpses of past conference
Tourist Attractions
Melbourne is packed with attractions, from laid-back laneways and lush parks to fantastic libraries and museums, all wrapped up in a dynamic atmosphere. Melbourne is the second-largest city in Australia and the capital of the state of Victoria. Melbourne is based on a coastal plain at the highest point of the giant horseshoe shaped Port Phillip Bay, which likewise serves as the mouth of the mighty Yarra River. Situated on the southern shore of Australia’s eastern seaboard, Melbourne is perhaps Australia’s most refined and politically conservative city. Melbourne highlights include Victorian-period architecture, bounteous cultural institutions museums, art galleries, theatres and largely arranged landscaped parks and gardens. Its 3.5 million populations are multicultural and entirely sports-mad.

You’ll fall in love with Melbourne
