“Organize your Events at OMICS Group Conferences”

Proposals are invited for organizing Symposia/Workshops at OMICS Group Conferences or OMICS Group will sponsor small events at your universities in related areas under the title of your own. These proposals can be sent to respective conference mail ids or to symposia@omicsonline.org

OMICS Group Conferences
5716 Corsa Ave., Suite 110, Westlake Los Angeles, CA 91362-7354, USA
Phone: +1-650-268-9744, Fax: +1-650-618-1414, Toll free: +1-800-216-6499
Email: psychoaad2013@omicsgroup.us
Keynote Forum

08:55-09:00  Introduction

09:00-09:25  Joseph Rifkind
National Institute of Aging, USA

09:25-09:50  Jayakumar Rajadas
Stanford University, USA

09:50-10:15  Ronald J. Killiany
Boston University, USA

10:15-10:40  H. Craig Heller
Stanford University, USA

Session Introduction

11:00-11:45  Workshop on “Neurodevelopmental substrates of Autism and current trends in evidence-based treatment of Autism spectrum disorders”
by Kalyani Gopal & Shifali Singh

11:45-12:05  Title: Alternative cellular energy (ACE) pathway activation in the therapy of Autism
W. John Martin, Institute of Progressive Medicine, USA

12:05-12:25  Title: Advanced glycation end products and autism-evidence for a connection
Pamela Maher, Salk Institute for Biological Studies, USA

12:25-12:45  Title: Identification and glycerol-induced correction of misfolding mutations in the X-linked mental retardation gene CASK
Konark Mukherjee, Virginia Tech Carilion Research Institute, USA

Lunch Break 12:45-13:30 @ Texas E

13:30-13:50  Title: The miraculous world of hope- The child behind the syndrome
Odeda Peled, The Integrative Therapy Center, Israel

13:50-14:10  Title: Sensory-motor control in Autism
Caroline Whyatt, Queen’s University, Northern Ireland

14:10-15:00  Workshop on “Yoga therapy for psychiatric disorders and neurosis”
by Suchitra Patel

Track 1 Current Research a Glance
Track 2 General Psychology
Track 3 Psychiatry
Track 4 Psychological Disorders
Track 5 Addiction and Aging Psychology
Track 9 Psychotherapy

Session Chair: Robert Buchanan, University of Texas, USA
Session Co-Chair: James A. Bourgeois, UCSF School of Medicine, USA

Session Introduction

15:00-15:40  Title: Invasive and Non-Invasive modulation for neuropsychiatric disease
Robert Buchanan, University of Texas, USA

16:00-16:20  Title: The Drive to Relate: How modern psychoanalysis can join with modern medicine to improve psychological and physical health, medical behavior and the doctor-patient relationship
Maureen O’Reilly - Landry, Columbia University, USA

16:20-16:40  Title: Cognitive, mood, and anxiety disorders in the fragile X associated tremor ataxia syndrome
James A. Bourgeois, UCSF School of Medicine, USA

16:40-17:00  Title: A randomized double-blind placebo-controlled study evaluating the role of Saffron in treatment of fluoxetine-induced sexual dysfunction in women
Sepideh Saroukhani, Tehran University of Medical Sciences, Iran

17:00-17:20  Title: Pathways to parenting: Understanding addiction, incarceration, and parenting
Yvette Harris, Miami University, USA

17:20-17:40  Title: Effect of ascorbic acid on mental depression drug therapy: Clinical study
Suhera M. Aburawi, University of Tripoli, Libya

</tbody>
</table>
13:20-14:05  Poster Presentations @ Texas C
14:05-14:25  Title: A connectomics approach to investigate mouse models of neurodegenerative diseases
           Hong-Wei Dong, University of California, USA
14:25-14:45  Title: Comparative effectiveness of an advanced dementia treatment protocol versus usual care: Revisiting fundamentals
           Emily Clionsky, Clionsky Neurosystems, USA
14:45-15:05  Title: Positive allosteric modulators of muscarinic acetylcholine receptors subtype 1 and 4 for treatment of central nervous system disorders
           Jerri M. Rook, Vanderbilt Medical Center, USA
15:05-15:25  Title: Brain resilience and plasticity in the face of Alzheimer’s disease
           Ira Driscoll, University of Wisconsin, USA
15:25-15:45  Title: Hypertension, blood pressure variability, and dementia in the high-risk elderly at cardiovascular disease
           Michiaki Nagai, Jichi Medical University, Japan

15:45-16:00  Coffee Break @ Foyer

16:00-16:20  Title: Polyphenols regulate signaling cascades in neuronal cells in cultures
           Frank Albert Bisbal, University of Valencia, Spain
16:20-16:40  Title: Genistein and estradiol increase anti-inflammatory proteins in astrocytes in culture
           Correa Pablo, University of Valencia, Spain

17:55-18:55  Award Ceremony  Cocktails Sponsored by Journal of Psychology & Psychotherapy @ Rio Grande
