

**15th International conference on
Satellite Communication**

December 01-02, 2022 | Taipei, Taiwan

Theme:
New Advancements and Developments in
Satellite Communications

INVITATION

Dear Attendees,

We are glad to announce the “15th International conference on Satellite Communication” to be held in Taipei, Taiwan on December 01-02, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Satellite Communication-2022** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Satellite Communications and it’s Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Sincerely,

Satellite Communication-2022 Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

ABOUT CONFERENCES

Conference Series LLC Ltd welcomes you to attend the “15th International conference on satellite communication” during [December 01-02, 2022 Taipei, Taiwan](#). The conference is an amalgamation of research professionals from universities, space centres, research labs, spacecraft industries and other space research organizations creating an atmosphere conducive for information exchange between academia and industries. Participating at [Satellite Communication-2022](#) will provide an exceptional opportunity to interact with scientists and research scholars in this fields creating a channel for collaborations and partnerships.

SATELLITE COMMUNICATION-2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world’s scientific experts to catalyze and advance scientific knowledge about International Conference on satellite communication , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist’s representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to discuss emerging issues on Satellite communications
- Discuss emerging issues in Satellite communications
- Discuss and apply recent research findings related to Satellite communications
- Reflect on the place of critical distance in Satellite communications

Who should attend?

Bionics_2022 is intended to provide a notable opening to the experts in the field of bionics to discuss the latest research and challenges in the arena. Bionics_2022 is planned to provide a special podium for Managing Directors, Cochlear Implant Innovators, and other Bionics professionals, researchers and students working in the arena to consciously, exchange visions and their understandings in front of large intercontinental listeners.

Conference Sessions

- Orbital Mechanics
- Satellite Communication
- Power & Antenna Subsystems
- Transponders
- Earth Segment Subsystems
- Satellite Launching
- Look Angles & Orbital Perturbations
- Global Positioning System
- Satellite Orbits
- Orbit Velocity
- Geo-Stationary Orbits
- Spacecraft Technology
- Telemetry
- Antenna Subsystem
- Orbital Mechanics

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT TAIPEI

Taipei is the capital of Taiwan, is a modern metropolis with Japanese colonial lanes, busy shopping streets and contemporary buildings. The 40th most-populous urban area in the world—roughly one-third of Taiwanese citizens live in the metro district. The name “Taipei” can refer either to the whole metropolitan area or the city proper. Taipei is also known for its lively street-food scene and many night markets, including expansive Shilin market. In the 19th century it became an important centre for overseas trade via its ports of Chi-lung and Tan-shui (Danshui). The city is served by two airports – Taipei Songshan and Taiwan Taoyuan. Taipei is home to various world-famous architectural or cultural landmarks, which include Taipei 101. Taipei is the political, economic, educational, and cultural center of Taiwan and one of the major hubs in East Asia.
