2nd International Conference on

Sleep Medicine 2016

Sleep Disorders & Medicine

Atlanta, USA November 28-30, 2016

About Atlanta:

Atlanta is the capital of and the most populous city in the U.S. state of Georgia. And with a 2013 estimated population of 447,841. Atlanta is ninth largest metropolitan area in the United States. Atlanta is considered as a world city and with a gross domestic product of \$270 billion. More than 30 colleges and universities located in the city, Atlanta is considered a centre for higher education. Atlanta is also home to nationally renowned private colleges and universities. Atlanta's economy ranks 15th among world cities and sixth in the nation.

Atlanta has an extremely large number of public and private colleges/universities. There are more than eight community colleges offering associate's degrees in Biochemistry, Molecular biology and related fields. The city also has approximately a dozen accredited four-year colleges/universities with bachelors and master's degree programs in Biochemistry, chemistry and other natural sciences.
