**Title: Lessons Learnt from Youth Development Program amongst grade 8 learners in a selected high school in Paarl, South Africa (2016-2018)**

**Dr. Hamilton Pharaoh**  
PhD, University of Kwazulu-  
Natal

Dr. Hamilton Grant Pharaoh has been in academia for the past 18 years. He graduated from the University of the Western Cape with his PHD in 2014. He is a physiotherapist from profession and his specialties include sports physiotherapy, health risk behaviour and youth development research. The National Research Foundation supports his research through grant awards. His passion is youth especially youth at risk. Therefore his drive during his PHD to design a comprehensive youth development programme to combat Heath Risk Behaviour among the youth. He founded THE FOUNDATION FOR COMMUNITIES OF EXCELLENCE which serves as a driver to change communities and the lives of young people through lifeskills training and creating pathways for tertiary education opportunities for all. Currently he is a Senior Lecturer at the University of KwaZulu-Natal, School of Health Sciences, Physiotherapy Department.

**Title: Social justice and management competencies: South African University Perspective.**

**Courtley Pharaoh**  
MCom- University of the  
western cape

Courtley Pharaoh is an experience university administrator who has completed a MCom degree addressing management competencies within the South African Higher Education Institutions. The novice researcher investigated the management competencies in play during a crisis from the viewpoint of stakeholders experiencing the crisis as well. The researcher intends to address the gap within the current literature concerning management competencies within the Higher Education Institutions within South Africa.

**Title: The effect of a Youth Development Program combatting engagement in health risk behaviours amongst Grade 8 learners in a selected high school in the Paarl area**

**Chanray Cloete,**  
Masters in Physiotherapy  
UKZN

Chanray Cloete has her expertise in improving health and wellbeing through servicing disadvantaged communities in Paarl, South Africa. Disadvantaged youth is at the core of her passion around combatting health risk behaviour. Through her work within the public hospital setting she is confronted with the broken lives of young people through wrong choices and decision making. Choices which leads to gang violence, crime and other health risk behaviour. This leave the community with sometimes wheelchair bound young people due to knife or gun incidences. Through research she hopes to impact the community differently and create better choices and therefore better futures for young people.

**Title: Soft Globalization against the Empire**

**Larisa Korobeynikova,**  
PhD in Philosophy, Tomsk State  
University, Russian Federation

Larisa Korobeynikova, doctorate in Philosophical Sciences, PhD in Social Philosophy, Professor of the Dept. of Cultural Studies, Tomsk State University.
