Venue

Melbourne, Australia

Important Dates

Abstract submission opens: 15th October 2018

Registration opens: 20th October 2018

Early bird registration: February 22nd, 2019

Mid registration: May 22nd, 2019

on spot registration: July 29th, 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Steel Structures Convention 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiology and Medicine.

About Melbourne

Melbourne is the coastal capital of the south-eastern Australian state of Victoria and the most populous city in Australia and Oceania located on Australia's east coast. Australia was best known as "New Holland", It was the only country in the developed world without a dedicated stand-alone Standard for fabrication and erection of structural steelwork. In today's increasingly 'open borders' procurement environment, where structural steelwork for Australian projects is being supplied by both local and overseas based fabricators, a rigorous and transparent definition of good quality is more necessary than ever. They set the quality benchmark Australia expects to ensure safe structures.
