World Summit on
Heart, Stroke and Neurological Disorders
August 31-September 01, 2018 | Boston, USA
Dear Friends!!

We are glad to announce the World Summit on Heart, Stroke and Neurological Disorders to be held in Boston, USA from August 31-September 01, 2018 organized by Conference Series in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that’s a confluence of all Neurology, Cardiology, Psychiatry, Stroke, Rehabilitation, cardiovascular research, psychotherapy, Neuropsychiatric, Nursing departments from Academia, Researchers, innovator, Regulators – coming together to present and discuss current topics in Heart Failure and Brain Health, Heart Diseases and Cardiac Arrest, Pediatric and Geriatric Cardiology, Cardiac Nursing and Health Care, Cardiovascular Research and Hypertension, Cardiac Surgery and Heart Regeneration, Stroke- Epidemiology, Management and Prevention, Pediatric Stroke and Recovery, Stroke Nursing and Interventions, Stroke Rehabilitation and Brain Haemorrhage, Alzheimer’s and Dementia, Neuroscience and Neuroimaging, Neurophysiology and Neurodegeneration, Neurological Disorders and Neuroplasticity, Clinical Trials in Neurology and will be available to discuss with you the latest issues and trends in Overcoming Milestones towards Neurology, Cardiology, Neuropsychiatry and Neuroscience under the theme “Exploring Novelty and Vision in the treatment of Heart, Stroke and Neurological Disorders”. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Heart, Stroke and Neurological Disorders Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Boston, USA.

Sincerely,

Stroke Summit 2018 | Organizing Committee

Purpose
World Summit on Heart, Stroke and Neurological Disorders is an arena for interdisciplinary exchange among professionals in the fields of Neurology, Cardiology, and Neuroscience.

Goals
The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through provoking Keynote lectures, Plenary sessions, Symposiums, International Workshops, Oral and Poster presentations and with additional Scientific sessions

Objectives:
After participating in this meeting, attendees should be able to
• Discuss emerging issues in Neurology, Neurology, Cardiology, Psychiatry, Stroke, Rehabilitation, cardiovascular research, psychotherapy, Neuropsychiatric, Nursing.
• Discuss and apply recent research findings related to Neurology, Cardiology, Psychiatry, Stroke, Rehabilitation, cardiovascular research, psychotherapy, Neuropsychiatric, Nursing.
• Reflect on the place of critical distance in Neurology, Cardiology, Psychiatry, Stroke, Rehabilitation, cardiovascular research, psychotherapy, Neuropsychiatric, Nursing.

Stroke Summit 2018 salient features:
• Meet Academia and Industry visionaries to get inspired
• Expand your knowledge and find solutions to problems
• Knowledge, Benchmarking and Networking offered at one place
• Forge connections and for global networking
• Highly Organized and Structured Scientific programs
• Poster presentations and world class exhibitions
• Meet with new vendors and suppliers
• Learn powerful tools to improve the functioning and well-being of your clients
• Initiate, strengthen and master practices that integrate mind, heart, body and spirit
• Learning how to bring mindfulness and compassion into organizations and schools
About Conference

About hosting Organization

Conference Series is the world’s leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposia 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CrossRef.

Who should attend?

World Summit on Heart, Stroke and Neurological Disorders is exclusively designed for University Professors, Scientists, Cardiologists, Psychiatrists, Nurses, Therapists, Pharmacists, Neurologists, Neurosurgeons, Neuroscientists, Stroke Specialists, Cardiology Faculties, Cardiology Specialists, Nurse Practitioners, Researchers, Academicians, Clinicians, Physicians, Private practitioners, Early Career Scholars, Students, Health Care and Medical professionals along with Industries and others engaged in endeavors related to Heart, Stroke, Neurology, Pharmaceutical research and business, Educators, Parents, Curriculum, Staff Developers, Cardiologists, Neurosurgeons, Physicians, Technologists and many more....

Supporting Journals:

- Journal of Neurological Disorders
- Journal of Brain Disorders & Therapy
- Journal of Cardiovascular Diseases & Diagnosis

https://strokesummit.neurologyconference.com/
Scientific Sessions: Stroke Summit 2018

- Heart Failure and Brain Health
- Heart Diseases and Cardiac Arrest
- Pediatric and Geriatric Cardiology
- Cardiac Nursing and Health Care
- Cardiovascular Research and Hypertension
- Cardiac Surgery and Heart Regeneration
- Stroke, Epidemiology, Management and Prevention
- Paediatric Stroke and Recovery
- Stroke Nursing and Interventions
- Stroke Rehabilitation and Brain Haemorrhage
- Alzheimer’s and Dementia
- Neuroscience and Neuroimaging
- Neurophysiology and Neurodegeneration
- Neurological Disorders and Neuroplasticity
- Clinical Trials in Neurology

International Membership

International membership program, initiated to accomplish the vision of making Healthcare & Scientific Information which enables academic and research institutions, societies, groups, funding organizations and corporations to actively participate of its representatives and students in International conferences. Membership is now available to Global Universities, Colleges, Scientific Associations and Societies, Organizations, Corporate Companies, Medical Centers and Research Institutes etc.

- Individual Membership - for Scientists, Researchers, Educators and Industry professionals
- Institutional Membership - for Universities, Research/ Educational institutes, Societies and Associations
- Corporate Membership - for Industries, Companies and Corporations
- Annual Membership: Membership holder can attend one conference with a complimentary Registration applicable for Package-A category (Registration fee + 2 Nights Accommodation)
- Three-year Membership: Membership holder can attend up to 33 conferences Across the Globe with a complimentary Registration applicable for Package-A category.
- Five-year membership: Membership holder can attend up to 55 conferences Across the Globe with a complimentary Registration applicable for Package-A category

Book Your Booth Today! Why Exhibit?

Exhibition is perceived for its high quality and remarkable record of pulling consequently exhibitors a seemingly endless amount of time. The occasion likewise conveys a great deal of weight locally and globally and offers remarkable marking presentation in addition to the opportunity to trade thoughts, launch new products and feature best in class administrations and innovations, grow new contacts and work together in a gigantic development market.

The Stroke Summit 2018; Heart, Stroke and Neurological Disorders conference will be held at Boston, USA. Exhibiting at Stroke Summit 2018 presents an unrivalled opportunity for companies to establish or further their business interests in one of the world’s most dynamic Neurological, Cardiological, Pharmaceutical & Research Technology markets. The purpose of the exhibit program is to further the education of scientists working in the fields. They must emphasize instruments, products, or services for use in teaching or research, books or other publications in scientific fields of relevance to attendees, or directly convey scientific research findings in areas of Brain science and Pharmaceuticals.

For two days, less than one roof, the Exhibit Hall delivers a unique opportunity for exhibitors to connect with thousands in the Neurology, Cardiology, Psychiatry, Stroke, Pharmaceutical and Neuroscience market who seeks products, resources, book publications and information relevant to their work within the fields.

TOP REASONS for visiting the Exhibition Hall
• Networking
• Picking up product information
• Reviewing resources for patients
• Learning about new products
• Discuss Business with Global experts from around the world
• Develop relationships with new prospects and strengthen ties with existing clients
• Raise your company’s profile and stay ahead of your competition
• Showcase your latest products and technologies in a high demand region
• Explore business opportunities and meet new partners in dynamic surroundings
• Capitalise on this matchless platform to create sales leads and make lasting relationships with clients
• Meet your customers face-to-face
• Take advantage of discounted conference registration for your company staff.

What do attendees look for?
• Pharmaceuticals
• Diagnostic & Equipment
• Publications, Education and Professional Placement
• Academic Research
• New Technology
• Technology Products / Virtual Reality Systems / Biofeedback Equipment
• Publishers and Test Publishers
• Products and Tools to Help Them as They Begin to Establish Their Career

It was a fantastic meeting. Lectures were very illuminating and exciting. I think all the participants had a great time. Thank you giving me this opportunity to be part of this exciting conference.

Harish C.Pant, USA

I did enjoy the conference and meeting others from around the world was a great experience as well

Ann Marie Gillie, Canada

I have thoroughly enjoyed the conference, and I am glad that I have been able to attend and contribute to its success. Presentations were interesting and well prepared. Participants were knowledgeable and active. Overall, it was an interesting and successful conference.

Vahe Poghosyan, KSA

It was a great pleasure for me to attend the conference. It was perfectly organized, I met many nice people and listen to many valuable talks.

Elzbieta Jarzebowska, Poland

We would like to thank the Organizing Committee for the outstanding event. It was just excellent in all aspects. Congratulations.

Mauricio Laerte, Brazil

This Conference was one of the best and even brilliant I have ever attended. There was very nice to have a mix between theory, basic science, sharing best practices and practical recommendations. The quality of the panels was outstanding, and I think you arranged a great cross-section of topics!

Sergey Suchkov, Russia

“This conferences is really timely and informed about symptoms, diagnosis and modern treatment of neuro patients”.

Heinz Reichmann, Germany

“Your opportunities will include not only excellent science, but provide practical applications of knowledge to advance the care of your patient with cognitive, behavioral and functional decline”.

Eric G Tangalos, USA

“The priority aim of this conference is also to deepen our understanding around the interrelationship of addictive disorder between each other, as well as with mental health, Addiction Psychiatry, family, community and culture”.

Norman S Miller, USA

“The meeting went well and lot of questions today! I will attend the meeting again!

Sha MI Biogen, USA

“I wish to welcome all researchers from the fields of basic neuroscience, neurology, and neurosurgery to contribute with your valuable expertise, and to stimulate interdisciplinary endeavor”

Arvid Carlsson, UAE

“Conferences like this one may help to speed up the development of effective therapies for neurodegenerative diseases like Alzheimer’s disease”

Andrew V Schally, USA

“As Mayor of London I am delighted to welcome you to the Neurology Conferences organized by Conference Series”.

Barls Johnson, UK

“Thank you for a well-organized Brain Disorders Conference”

Hans Von Holst, Sweden

Boston is the capital city and most populous municipality of the Commonwealth of Massachusetts in the United States. It is also the seat of Suffolk County, although the county government was disbanded on July 1, 1999. The city covers 48 square miles with an estimated population of 673,184 in 2016 making it the largest city in the New England region of the northeastern United States. The city is the economic and cultural anchor of a substantially larger metropolitan area known as Greater Boston, a metropolitan statistical area home to a census-estimated 4.8 million people in 2016 and ranking as the tenth-largest such area in the country.

As a combined statistical area, this wider commuting region is home to some 8.2 million people, making it the sixth-largest in the United States. Boston is one of the oldest cities in the United States, founded on the Shawmut Peninsula in 1630 by Puritan settlers from England. It was the scene of several key events of the American Revolution, such as the Boston Massacre, the Boston Tea Party, the Battle of Bunker Hill, and the Siege of Boston.

Its rich history attracts many tourists, with Faneuil Hall alone drawing more than 20 million visitors per year. Boston’s many firsts include the United States’ first public school (Boston Latin School, 1635), first subway system, and first public park.

The Boston area’s many colleges and universities make it an international center of higher education, including law, medicine, engineering, and business and the city is a world leader in innovation and entrepreneurship, with nearly 2,000 start-ups.
