Proposals are invited for organizing Symposia/Workshops at OMICS Group Conferences or OMICS Group will sponsor small events at your universities in related areas under the title of your own. These proposals can be sent to respective conference mail ids or to symposia@omicsonline.org.
Day 1  September 16, 2013

Salon A

Opening Ceremony

Keynote Forum

08:25-08:30  Introduction
Adam Ostrzenski
Howard University, USA

Track 1: Surgery & Anesthesia - An overview

Track 2: Anesthesia and its Associated complications

Session Chair: Adam Ostrzenski, Howard University, USA
Session Co-Chair: Feng Tao, Johns Hopkins University School of Medicine, USA

Session Introduction by Adam Ostrzenski, Howard University, USA

08:30-09:15  Surgical APGAR score does not predict morbidity and mortality for patients undergoing pancreaticoduodenectomy for pancreatic adenocarcinoma
Sharona Ross, Florida University, USA

11:00-11:25  Ministernatomy and fast tracking in pediatric cardiac surgery
Baskar Ranjith Karthekeyan, Sri Ramachandra University, India

11:50-12:15  Pulmonary considerations in obese surgical patients
Ana Fernandez-Bustamante, University of Colorado SOM, USA

12:40-13:05  A combination of Penile Venous Stripping, Tunical Surgery and Varicocelectomy for Patients with Erectile Dysfunction, Penile Dysmorphology and varicocele under Acupuncture-aided Local anesthesia on Ambulatory Basis
Geng-Long Hsu, National Taiwan University, Taiwan

Lunch Break 13:05-13:45 @ Bora Bora & Coral B

Cardio-pulmonary exercise testing as a tool to assess maxillofacial free flaps patients
Laith Al-Qamachi, Worcester Royal Infirmary, UK

14:35-14:50  Trigemino-cardiac: A critical review
Pooyan Sadr Eskevari, University of California, USA

15:00-15:25  Disrupting N-methyl-d-aspartate receptor-post-synaptic density protein-95 interactions reduces the threshold for halothane anesthesia
Feng Tao, Johns Hopkins University School of Medicine, USA

15:25-15:50  Anatomical Reasoning in the design of biological implants of arthopedic and trauma surgery; tibia as an example
Yehia M.A-H. Marreez, Touro University Nevada College of Osteopathic Medicine, USA

Coffee Break 15:50-16:05 @ Foyer

16:05-16:30  Laparoscopic TAP procedures for pain relief during laparoscopic surgical procedures: Our technique and experience
Jarrod Kauffman, American College of Surgeons, USA

16:30-16:55  Intravenous phenytoin: Potential new therapy for gastrointestinal fistulae
Saad A Jaber, King Fahd Military Medical Complex, Saudi Arabia

16:55-17:20  Comprehensive approach to patient care in post-operative recovery
Naveen Kumar, Manipal University Kasturba Medical College, India

17:20-17:45  Limits of virtual anesthesia in ambulatory surgery
Massa Vazquez Jose Luis, Universidad Panamericana, Mexico City

17:45-18:10  Pre-emptive maximization of oxygen delivery in the cardiac surgical patient including the low ejection fraction patient
Kanishka Indraratna, Sri Jayewardenepura General Hospital, Sri Lanka

Cocktails Sponsored by Surgery: Current Research

18:10-19:10

Workshop:

09:40-10:20  iBooks Author Workshop: Digital Publishing for Beginners: How to distribute and market your ideas to the world using multitouch iBooks on iTunes
Jeffrey L. Eakin, Mercy Tiffin Hospital, USA

Coffee Break 10:20-10:35 @ Foyer
Day 2    September 17, 2013
Salon A

Session Chair: Michael Mourad, Cliniques Universitaires Saint-Luc, Belgium
Session Co-Chair: Loreta Grecu, Yale University School of Medicine, USA

Track 3: Techniques and Technology – Surgery
Track 4: Diagnostic and Therapeutic Interventions

Session Introduction
08:00-08:25 The Chalkoo technique in Minilap cholecystectomy
Mustaq Chalkoo, Govt. Medical College, India

08:25-08:50 The da Vinci robot and vascular surgery
Petr Stadler, Na Homolce Hospital, Czech Republic

08:50-09:15 ECMO a forgotten method or a new hype?
Loreta Grecu, Yale University School of Medicine, USA

09:15-09:40 The use of an Er: YAG Laser in addition with an operation microscope for the treatment of an apicoectomy
Markus Liezau, Dentalplace, Germany

09:40-10:05 Maxillary sinus augmentation by sinus membrane elevation using a space-maintaining device and dental implants in the atrophic posterior maxilla
Takahiro Kaneko, Saitama Medical University, Japan

Coffee Break 10:05-10:20 @ Foyer

10:20-10:45 Minimally invasive, robotic and gastrointestinal surgeon
Jeffrey L. Eakin, Mercy Tiffin Hospital, USA

10:45-11:10 Day care proctology in ayurveda- 1750 cases study
Ramesh Bhat, Sri Sri College of Ayurvedic Science and Research Hospital, India

11:10-11:35 Radical lymphadenectomy for advanced colon cancer via separation of the mesocolon into two layers
Gaku Akiyama, Saku Central Hospital, Japan

11:35-12:00 To review our experience and determine the outcome, safety and efficacy of the use of tube cholecystostomy in high risk patients with acute cholecystitis
Sana Nasim, The Aga Khan University Hospital, Pakistan

12:00-12:25 The evolution and evaluation of laparoscopic single site (LESS) cholecystectomy without general anesthesia
Sharona B. Ross, Florida Hospital Tampa, USA

12:25-12:50 Combination of video-assisted thyroid surgery and hypnosis as a full minimally invasive approach
Michou Mourad, Cliniques Universitaires Saint-Luc, Belgium

Lunch Break 12:50-13:30 @ Bora Bora & Coral B

13:30-13:55 Advanced minimally invasive surgery for gastrointestinal cancer, beyond dogma
Cherif N. Boutros, University of Maryland, USA

13:55-14:20 Intersphincteric resection-operative technique
Daniel Cesar, Cancer National Institute - INCA, Brazil

14:20-14:45 Experience of managing complicated diverticulitis of colon: a retrospective case series from South Asian Country
Tanzzeela Gala, The Aga Khan University Hospital, Pakistan

14:45-15:10 The Chalkoo modification for three port laparoscopic cholecystectomy
Mustaq Chalkoo, Govt. Medical College, India

15:10-15:35 Uncommon nerves blockade using high resolution ultrasound
Ahmed Thalaje, King Saud University, Kingdom of Saudi Arabia

Coffee Break 15:35-15:50 @ Foyer

15:50-16:15 Technical communication: A low-cost, high degree of difficulty model for simulation of ultrasound-guided nerve block
Stephen Howell, West Virginia University School of Medicine, USA

16:15-16:40 Colon and rectum neuroendocrine tumors: Experience of the National Cancer Institute in Brazil
Daniel Cesar, Cancer National Institute - INCA, Brazil

16:40-17:05 Predictors of outcome in surgical ICU patients
Sana Nasim, The Aga Khan University Hospital, Pakistan

17:05-17:30 A new laparoscopic approach for the treatment of SMA syndrome
Maha Alkhuziem, University of California, USA

17:30-18:15 Poster Presentations @ Foyer

18:15-19:15 Cocktails Sponsored by Journal of Anesthesia & Clinical Research

Panel Discussion

Day 3    September 18, 2013
Salon A

Track 5 Transplantation Technologies
Track 8: Postoperative Care and Complications

Session Chair: Adam Ostrzenski, Howard University, USA
Session Co-Chair: Mustaq Chalkoo, Govt. Medical College, India

Session Introduction
10:00-10:25 The ethics and evidence of medical innovation
Cheryl Mack, University of Alberta John Dossetor Health Ethics Center, Canada
Role of protective ileostomy in destructive colon injuries in gunshot victims and predictors of post-operative morbidity in a developing nation
Tanzeela Gala, The Aga Khan University Hospital, Pakistan

Labia majora labiaplasty versus labia majora labiapexy
Egbert J Serrao, The University of Central Florida School of Medicine, USA

The difference between superior vena caval and mixed venous saturations correlates with the duration of cardiopulmonary bypass
Hrvoje Gasparovic, University Hospital Rebro Zagreb, Croatia

PTSD in intensive care patients – Where do we go from here?
Peter Indoe, Royal Hampshire County Hospital, UK

Post-Transplant malignancy
Gayane Badalian-Very, Dana Farber Cancer Institute, Harvard University, USA

Effect of single dose gabapentin on postoperative pain and opioid consumption following total abdominal hysterectomy: A Dose finding study
Anand Kumar, The Aga Khan University Hospital, Pakistan

The impact of surgeon volume on incidence and severity of neck hematoma after thyroid and parathyroid surgery: Ten years analysis of nationwide inpatient sample database
Ahmed Dehal, Arrowhead Regional Medical Center, USA

Cybertherapy to reduce distress in critical unit care of cardiac recovery surgery
Mosso Vazquez Jose Luis, Universidad Panamericana, Mexico City

Place of “vaginoplasty” in cosmetic-plastic gynecology (CPG)
Mark N. Scheinberg, The Centre for Cosmetic and Reconstructive Gynecology, USA

Onset of acute pancreatitis with transitor type II in diabetes mellitus: Original case report
Manuela Stoicescu, University of Oradea, Romania

Role of magnetic cholangiopancreatography in diagnosing choledochal cysts: Case series and review
Vikas Sacher, University of Miami, USA

Panel Discussion

Award Ceremony

Coffee Break 15:45-16:00 @ Foyer
