Dear Colleagues,

Conference Series llc Ltd. llc Ltd. is delighted to welcome you to *Tokyo, Japan* for the prestigious *World Congress on Synthetic Biology and Advanced Biomaterials*. Synthetic Biomaterials Congress 2018 will focus on the theme “*Innovative Biomaterial and Synthetic Biology Technologies for Life and Society!*”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at *Tokyo, Japan*.

With Regards,

*Synthetic Biomaterials Congress 2018 Operating Committee*  
Conference Series llc Ltd. Conferences

### *Editorial Board Members of Supporting Journals:*

*Barry L. Wanner*

*Purdue University, USA*

*Xing Zhang*

*Chinese Academy of Sciences ,Shenyang, China*

*Qian Wang*

*University of South Carolina, USA*

*George Perry*

*University of Texas, USA*

*Yeoheung Yun*

*Chemical and Bioengineering Department North Carolina A & T State University, USA*

*Raffaele Porta*

*University of Naples, Italy*

*Philip Boughton*

*Univeristy of Sydney, Australia*

*Ashim K. Mitra*

*University of Missouri Curators, USA*

*Min Wang*

*The Univeristy of Hong Kong ,Hong Kong*

# Program Announcement

## *Accommodation*

*A large number of rooms have been reserved. Discounted room rates for Synthetic Biomaterials Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.*

## *Exhibition and Sponsorship*

*An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Synthetic Biology and Advanced Biomaterials.*

## *About Japan*

*Japan is an economic giant; The “Land of the Rising Sun” is a country where the past meets the future. Japan has often been seen in the West as a land combining tradition and modernity, and many traditional structures and practices are preserved. Japan was the first Asian country to independently modernize, and the country continues to embrace new technologies and aesthetics. Complexity and contrast are the keynotes of life in Japan—a country possessing an intricate and ancient cultural tradition yet one that, since 1950, has emerged as one of the world’s most economically and technologically advanced societies. Heavy emphasis is placed on education, and Japan is one of the world’s most literate countries.*

## *Abstract Submission*

<https://syntheticbiology.conferenceseries.com/asiapacific//abstract-submission.php>

*Note: All the relevant abstracts will be accepted and published in respective conference proceedings.*

## *Registration*

<https://syntheticbiology.conferenceseries.com/asiapacific//registration.php>

## *Important Dates*

*Abstract submission opens: January 22<sup>nd</sup>, 2018*

*Registration opens: January 22<sup>nd</sup>, 2018*

*Early bird registration: May 28<sup>th</sup>, 2018*

*On spot registration: September 19<sup>th</sup>, 2018*

## *Venue*

*Tokyo, Japan*
