JOINT MEET ON

15th Crop Science and Agriculture  
Summit

&

International Conference on  
Toxicogenomics

Wednesday | 11:30 am-02:30 pm

Follow UK Time Zone

---

**Title:**

Effect on the biological function of allyl isothiocyanate  
against COX core subunit of *Sitophilus zeamais*

**11:30 AM - 11:50 AM**

College of Plant Protection,  
Northwest A&F University

**CHINA**

**Dr. Hua Wu**

**Title:**

The stress-metabolite stilbenoids of grape skin saperavi variety  
(*Vitis vinifera* L.) in condition of Powdery mildew

**11:50 AM - 12:10 PM**

PHD of Agrarian Sciences,  
Agricultural University of Georgia

**GEORGIA**

**Ms. Magdana Surguladze**

**Title:**

**Keynote Presentation**

Antioxidants against Oxidative Stress in Neurodegenerative Diseases

**12:10 PM - 12:35 PM**

Department of Medical Biology,  
Faculty of Medicine, Nigde Omer  
Halisdemir University

**TURKEY**

**Dr. Zeliha Selamoglu**

MEET

**Title:**

Impact of Exogenous Melatonin on Fruit Quality and Storability of Tomato (*Solanum lycopersicum* L.)

**12:35 PM - 12:55 PM**

ICAR Research Complex for NEH  
Region, Manipur Centre

**INDIA**

**Dr. Subhra Saikat Roy**

**Title:**

The effects of coffee oil - algae oil nanoemulsion in UVA-induced damaged on mice skin

**12:55 PM - 01:15 PM**

Cosmetic, Hygienic and Detergent Sciences and  
Technology Research Center, Islamic Azad  
University

**IRAN**

**Mr. Danial khayatan**

**Title:**

potential of sudanese medicinal plants as a biosources to enhance organic agriculture

**01:15 PM - 01:35 PM**

Assistant Professor, PhD at National Centre for  
Research of Medicinal and Aromatic Plants and  
Traditional Medicine

**SUDAN**

**Dr. Saada Naiel Ahmed Elmahi**

MEET

**Title:**

Estimation of variability of some genotypes of maize zea mays

**01:35 PM - 01:55 PM**

Researcher in National center for  
research-MAPTMRI and head of  
department of agro technology

**SUDAN**

**Ms. Hajer Mohamed Ibrahim**

**Keynote Presentation**

**Title:** The GROW 2 SHIP Strategy for propelling small  
and resource limited farmers into the 21st century

**01:55 PM - 02:25 PM**

Chief Marketing Officer at Cannabiziac

**USA**

**Ms. Attorney Scheril Murray Powell**

**Title:**

The nephroprotective effect of N-acetyl cysteine and atorvastatin  
against imipenem-induced nephrotoxicity on rats model

**02:25 PM - 02:45 PM**

Toxicologist at the National Center  
and a Medical Researcher

**UAE**

**Ms. Tamara Bassam Hijjawi**

*We know your time is precious and we are very grateful to receive some of it, and your valuable scientific views. We strongly believe that this program will immensely result into an excellent meet and look forward to see you all in our future events.*

---

*Thank you*
