# City Attractions

# Venue

Melbourne is the coastal capital of the southeaster Australian state of Victoria .Melbourne’s multicultural atmosphere is set amongst Victorian-era buildings and gorgeous parkland. It has a population of just over 4 million people, and is a picturesque place with so much to offer the visitor and resident alike. At the city’s centre is the modern Federation Square development, with plazas, bars, and restaurants by the Yarra River. In the Southbank area, the Melbourne Arts Precinct is the site of Arts Centre Melbourne – a performing arts complex – and the National Gallery of Victoria, with Australian and indigenous art. The city centre, also known as the Central Business District (CBD), is on the north bank of the Yarra River. It is approximately 5 kilometres inland from Port Phillip Bay, where most of the pretty suburbs are situated. The city is divided into two parts by the Yarra River, creating predominantly working class areas in the North and West regions, and more affluent areas in the South and the East. The CBD used to be known as the ‘Golden Mile’, as it is 1 mile long and 1/2 mile wide. Southgate gives access across the Yarra River to the south of the city, Victoria Street marking the north.
