MINIMAL INVASIVE
PROCEDURES IN
AESTHETIC FACE

Quick Face Design

Results

Relax over active facial muscles

Fill wrinkles

Redefine facial contours

Reduce unwanted hair

Improve epidermal hyperpigmentation and vascularities.

Improves skin appearance

Remove irregularities

*Dra.
Alexandra Mora*

Advantages:

Lunch time procedures

Incorporated into office practice

Painless

Fast recovery time (few hours to days)

Immediate visible results

Minimally invasive

Applies to all skin types, age, men and women

Highly effective

Benefits:

No risks

No disability

No scarring

Specific medical procedures (taylor made to age and skin)

Preventive medicine

Short procedure time

Minimal discomfort

Low incidence of adverse effects

High satisfaction (patient and physician)

*Dra.
Alexandra Mora*

Conclusions

- Delay minor signs of facial aging
- Repair acquired disfigurements
- Minimal risks
- Ideal complement of surgical procedures
- Natural look
- Highly selective for lesions
- Safe for all skin types
- Few absolute contraindications
- Promote and maintain a youthful appearance
