Dear Colleagues,

Meetings International provides an international dais for scientists and experts to exchange ideas, knowledge and networking at its 100+ International Conferences.

Meetings International invites all the participants across the globe to attend the International Artificial Intelligence Congress during October 25-26, 2018, Amsterdam, Netherlands. The theme of the conference is “Advancement in Artificial Intelligence Congress” and to encourage young minds and their research abilities by providing an opportunity to meet the experts in the field of Artificial intelligence from all over the globe.

Artificial Intelligence is a way of making a computer, a computer-controlled robot, or software think intelligently as humans think. Research associated with artificial intelligence is highly technical and specialized. The core problems of artificial intelligence include programming computers for certain traits such as Knowledge, Reasoning, Problem solving, Perception, Learning, Planning, Ability to manipulate and move objects.

Artificial Intelligence conference is a platform set for you to come across highly qualified and experienced Scientists from around the globe working and researching in the field of Artificial Intelligence.

Conference Highlights :

- Artificial Neural Network(ANN)
- K Nearest Neighbor Algorithm(KNN)
- Machine Learning
- Support Vector Machines(SVM)
- Networking Model
- Image Processing
- Data Mining
- Robotics
- Virtual Intelligence
- Watson Computer
- Drones
- Deep Learning
- Speech & Pattern Recognition

About Amsterdam

Venue:

Amsterdam, Netherlands

Amsterdam is the capital of the Netherlands. These days the city has a population of just over 790.000 inhabitants and is the largest city in the country. Amsterdam is located in the province 'Noord-Holland', situated in the west. It is one of the most popular destinations in Europe, receiving more than 4.5 million tourists annually.

Amsterdam has a great history. Amsterdam, probably the most planned city of northern Europe, has long been a well-known city. In the 17th century Amsterdam was the center of world economy, and nowadays the city is known for its tolerant character. It is very unique for its large and untouched historic center. It has a rich architectural history, dominated by water. It is a meeting point for all different cultures around the world and has a welcoming attitude towards visitors. Well known for its museums, red light district, coffee shops but also the great variety of eating & drinking places and night life. It is a beautiful city with its antique houses, lovely bridges, famous canals and with many world class attractions.
