Dear Colleagues,

Meetings International proudly Invited the International Conference on Earth Science and Climate Change scheduled during September 06-07, 2018 in Zurich, Switzerland. The conference emphasizes the theme “Insights into Innovation in Earth System Sciences and Climate Change Challenges”.

Meetings International provides an international dais for scientists and Environment Science professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences. Earth Science 2018 will be operated by world class experts in the field of Environment Science. International symposiums, B2B meetings, workshops will also be organised to discuss the specific topics in the field of Environment Science and Climate change.

Conference Highlights:

- Climate Change and Climatology
- Earth Science
- Global Warming
- Pollution and Climate Change
- Carbon Farming & Carbon Cycle
- Natural Hazards and Disaster Management
