

## WELCOME NOTE

It is a great pleasure and honor to invite you to the International Conference on Artificial Intelligence & Robotics which will take place in Osaka during April 29-30, 2022. This is the very first time for the international conference to be hosted in Japan. Participants from around the world are expected to work as a discussion point for researchers and experts from all around the world to discuss the effect as well as the future roadmap of artificial intelligence and robotics. This upcoming conference will be under the theme “New innovations in the future of robotics”. This international conference will provide a platform for plenary speakers and keynote speakers, invited speakers and young researchers as well as for the youth generation to share experiences and knowledge through several information-packed workshop sessions.

We look forward to welcoming you in Osaka, Japan for the International Conference on Artificial Intelligence & Robotics.
