

Dear Colleagues,

It is my great honor and pleasure to invite you to participate in the 3rd International Conference on Epidemiology & Public Health during April 22-23, 2020 at Rome, Italy.

Epidemiology 2020 conference brings together domain experts, researchers, scientist, Professors, industry representatives, postdoctoral fellows, and students from around the world, providing them with the opportunity to report, share, and discuss scientific questions, achievements, and challenges in this field.

One of our aims is to generate new investigations and collaboration between epidemiologists. We also are very interested to welcome students and postdoctoral researchers in order to provide them the opportunity to show their investigations about Epidemiology & Public Health.

Examples of the diverse Epidemiology topics that will be covered in this comprehensive conference include Epidemiology and Health Care, Environmental Epidemiology, Genetic Epidemiology, Cancer Epidemiology, Nutritional Epidemiology, Molecular Epidemiology, Cardiovascular Epidemiology, Psychiatric Epidemiology, Scientific Epidemiology, Social Epidemiology etc.

In Epidemiology 2020, you will be able to share experiences and research results, discuss challenges encountered and solutions adopted and have opportunities to establish productive new academic and industry research collaborations.

We hope that this conference will be productive and satisfying. Personally, I hope that you have a very enjoyable and entertaining stay here, in Rome, Italy.
