Dear Friends and Colleagues,

It gives me a great pleasure to welcome all delegates, participants, sponsors and exhibitors to the International Conference on Oral Health and Hygiene which will be held on November 25-26, 2019.

With the theme "We are the Future", we are more inspired to expand our reach further beyond the borders of this region by bringing together dental researchers, clinical practitioners, partners in the industry and colleagues from the academe to discuss the latest research break through and advances in technology. The meeting provides all participants an opportunity to exchange knowledge, share ideas and collaborate on new researches to strengthen and development the advancements we've achieved this far, thereby, improving oral health in the region and throughout the world.

It is through research that oral health has been given its much deserved attention and is now considered an important aspect in the overall well-being of an individual.

The organizing committee together with the international advisory committee has prepared exciting scientific program for everyone to take part on.

On behalf of the organizing committee of the International Conference on Oral Health and Hygiene, I would like to invite everyone to participate in this important international event of the dental industry. I look forward to welcoming you to the exotic and beautiful city of Dubai. The icon of United Arab Emirates. And the symbol of technology and innovation in the region.

With Thanks

Jehad Al Sukhun
