

Welcome Letter

International Conference on Pharmaceutical Chemistry

Dr Ian James Martins

Pharmaceutical Chemistry 2018 would like to welcome you to the 2nd International Conference on Pharmaceutical Chemistry (Paris, France July 16-17, 2018). It's an exciting time for Pharmaceutical Chemistry 2018 who are a world leader in Scientific events and Drug Discovery for the Future.

The world of international conferences is an exciting area to meet and bring inspired people together in forums like this, to ensure that PHARMACEUTICS and DRUG DESIGNING remain at the cutting edge.

The International Conference is a place where we are always adaptable, motivated and responsive and focused to develop new ideas AT A TIME OF EXCESSIVE GLOBAL CHANGE.

This is the platform where you can exchange your ideas and learn novel concepts related to your field from the international speakers as well as the professionals participating in Pharmaceutical Chemistry 2018 to learn or share their experience and improve connections from the entire global community.

It is important to share knowledge with others due to newly generated problems. Pharmaceutical Chemistry 2018 could say they create a golden opportunity for those people exposed to their knowledge through this Pharmachemistry Conference.

I would like to thank each of you for attending Pharmaceutical Chemistry 2018 and bringing your expertise to GLOBAL ORGANIZATION. You, as organization leaders, have the vision, the knowledge, the excellence and the experience to help us pave THE way into the future.

INVITED SCIENTISTS should all be very proud of where they are today and excited about where they are to be headed.

You are truly our greatest asset today and tomorrow, and Pharmaceutical Chemistry 2018 appreciate your support and leadership.

Throughout this INTERNATIONAL CONFERENCE, I ask you to stay engaged, keep us proactive and help us shape the future of PHARMACEUTICAL RESEARCH.

My personal respect and thanks goes out to all of you for your attendance at the **2nd International Conference on Pharmaceutical Chemistry (Paris, France July 16-17, 2018)**.

Dr Ian James Martins

Professor
