We watch over the land and sea and in turn they watch over us.

October, 2018

A Message from the Mayor

On behalf of the citizens of Vancouver, and my colleagues on City Council, I want to extend my warmest greetings to delegates attending the Annual Precision Medicine and Big Data Congress in Vancouver.

We are very proud of the reputation Vancouver enjoys as one of the world's most beautiful and unique meeting destinations. There are many educational, cultural and recreational activities that complement the restaurants, shopping and entertainment opportunities in our multicultural City. I am sure that the delegates of the Precision Medicine and Big Data will enjoy their stay in Vancouver and will have a most memorable event. I know the organizers of the Congress have been working hard to make sure your visit to Vancouver is a special one.

Once again, welcome to Vancouver, and I hope you enjoy the Congress!

Yours truly,

Gregor Robertson
MAYOR
