December 04-05, 2019 | Dubai, UAE

Dr. Safwat Mohammed El Hoseny
Head of wound management
Al Qasimi and Kuwait Hospital, UAE

Dear Friends, Colleagues, and Conference Participants,

As the Chairman of the first session of the conference it gives me great pleasure and honor to deeply extend to you a warm invitation to attend our World Orthotic and Prosthetic Innovation Conference which will be held in Dubai, UAE during December 04-05, 2019

On behalf of the organizing committee members, I can't wait to give you a hug of joy in bringing smiles to a lot of people around the world. We are also bringing hope and future towards understanding, and upgrading the field of Prosthetics through a new life achievements with prosthetics technology. There are all new developments from invasive to non-invasive techniques with the ultimate goal of patient comfort while also sharing the knowledge with the scientific community.

I hope you will come and join our group of Doctors , researchers, scientists, academics Medical Colleges, Training institutes, Entrepreneurs, Implant designers, Ortho patients with a like-minded approach who will pave the path for you to release your hidden potentials. All this being brought to you under one roof to amplify your vision in climbing the endless ladder of knowledge in the field of medicine, taking you from success to even more success.

This conference is an excellent venue to share your expertise, experience, and knowledge with your colleagues around the world through the exchange of ideas in technical sessions, poster sessions, panel discussions, and continuing education courses.

We are certain you will be truly interested to join us. We look forward to see you in Dubai, UAE this August for our outstanding conference.

"All our dreams can come true, if we have the courage to pursue them. – Walt Disney

"Hardships often prepare ordinary people for an extraordinary destiny. – C.S. Lewis

Follow your passion and let your ambition bring you to success.

I look forward to meeting you in Dubai in December of 2019

Dr. Safwat Mohammed El Hoseny
Head of wound management
